ANNUAL COMPREHENSIVE FINANCIAL REPORT

For the fiscal year ended

December 31, 2022

INTRODUCTORY SECTION

June 13, 2023

The Honorable Mayor, City Council, Citizens,
Taxpayers, and Other Interested Parties of the
City of Gardner, Kansas:

We are pleased to present the Annual Comprehensive Financial Report of the City of Gardner (City) for the fiscal year ended December 31, 2022. The report was prepared by the City's Finance Department. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the government. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

City management is responsible for establishing and maintaining internal controls designed to ensure that the assets of the City are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

In addition, the City maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal requirements of Kansas Statutes. Activities of the General Fund, special revenue funds (unless exempted by a specific statute), enterprise funds, and the Debt Service Fund are included in the annual appropriated budget, as required by Kansas Statutes. Spending in funds, which are not subject to said Statutes, are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the City.

As demonstrated by the statements and schedules included in the Financial Section of this report, the City continues to meet its responsibility for sound financial management.

Kansas Statutes Annotated 75-1122 requires an annual audit of the accounts, financial records, and transactions of all administrative departments of the City by independent certified public accountants. The accounting firm of Allen, Gibbs & Houlik, L.C. was selected by the City Council. Allen, Gibbs & Houlik, L.C. issued an unmodified ("clean") opinion on the City of Gardner's financial statements for the year ended December 31,

2022. The independent auditor's report on the financial statements is included in the Financial Section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Government

The City of Gardner was established on March 16, 1858 and came under the jurisdiction of the State of Kansas in 1861. The City was incorporated as a Municipal Corporation of the third class in January 1887 and as a Municipal Corporation of the second class in December 2002. The City is located in Johnson County, Kansas, along Interstate 35, about 25 miles southwest of downtown Kansas City, Missouri. Johnson County, Kansas is considered to be one of the top growth areas in the state, and one of the top growth areas in the country. Johnson County is the largest county in Kansas with a population of approximately 619,195.

Because of Gardner's location on the edge of the Kansas City metropolitan area, the city serves as a suburban living area for individuals employed in the metropolitan area, as well as the surrounding rural agricultural community. Gardner is experiencing development tangentially related to the intermodal/logistics park facility noted below. Currently, Gardner is approximately 14.01 square miles in size. In 2022, Gardner's population was estimated at 25,602.

The City has a Mayor-Council-Administrator form of government. There are five members of the City Council; the Mayor and Council Members are elected on an at-large ballot to serve a four-year term on a staggered basis.

Gardner provides a full range of services including police protection and codes enforcement through its Police Department, fire services provided by Johnson County Fire District No. 1, and ambulance services provided by Johnson County Med-Act. The City provides municipal electric, water, and wastewater services, street maintenance, and engineering. Other services include planning, zoning, municipal court, comprehensive parks and recreational activities and facilities, general administrative services, and a municipal airport.

The Governmental Accounting Standards Board has established the criteria to determine the financial reporting entity for a municipal government's financial report. This criterion is used to examine the relationship of the City to other associated, but legally separate, entities to determine if their inclusion in this report would be necessary to fairly present the financial position of the City. This criterion generally has to do with the financial benefit or burden and levels of influence over the activities of these associated, but legally separate, entities.

Using said criterion, it was determined that the City has a blended component unit. The blended component unit - the Public Building Commission (PBC) - although a legally separate entity, is, in substance, part of the City's operations. In 2022, there was no fund balance or activity to report for the PBC.

Economic Condition and Outlook

2023 projections from the county appraiser also indicate significant growth in assessed valuation, at 13.55% for taxable properties. Based on the 2023 projections, the City's overall market value increased from \$2.421 billion to \$2.739 billion, an additional 13.16%.

In 2022, Gardner saw the issuance of 1,163 building and improvement project permits valued at \$113.19 million in valuation. This included 123 new single-family homes and 384 new multifamily units. Final Development Plan and Final Plat approvals for residential projects during 2022 totaled 547 new single-family lots and 686 multi-family units of future development inventory.

The City's financial capacity and ability to leverage its municipally-owned utilities, combined with ample undeveloped land around Gardner's two interchanges on Interstate 35, position the City as a central point for commerce and additional growth. The city is also in close proximity to a several thousand acre railroad and logistics park - an inland port supporting the global supply chain - on its western border and a premiere multi-modal business park. These adjacent businesses create job opportunities that have contributed to a strong demand for housing throughout the city.

2022 Major Initiatives

Investment in the community's transportation network continued in 2022 with base repairs and resurfacing of 167th St. from Center to Moonlight, rehabilitation of 167th St. from Kill Creek Rd. to Center St., preliminary engineering and design services of the 167th St. Corridor between Four Corners Rd. and Moonlight Rd. and neighborhood street improvements under the 2022 Pavement Management Program.

The City continued its focus on promoting economic development by starting the design of the Strong Lift Station, which will serve development on the recently annexed Strong property located on the southside of I-35.

Future/Planned Initiatives

In 2023, transportation network improvements are expected to continue with Center Street sidewalk improvements, rehabilitation of Moonlight Rd. from I-35 to Buffalo Trail and the 2023 Neighborhood Pavement Management Program.

The City continues to develop infrastructure plans for providing service to recently annexed properties and anticipated new development. Planned infrastructure improvements include the design and construction of Phase II Expansion of the Kill Creek Wastewater Resource Recovery Facility, Cedar Niles Lift Station, Winwood Park Relief Sewer, and a new Water Intake Structure at Hillsdale Lake.

The Capital Improvement Program includes a schedule of planned capital projects for the next 5 years. The City is planning to make significant investments over the next 5 years in sanitary sewer and transportation infrastructure including the replacement/upgrade of Garder Rd. Bridge over I-35.

Financial Planning

Revenues greater than budget estimates contributed to the City's EOY 2022 General Fund balance that met and exceeded the City's target fund balance for the General Fund of 30% of expenditures. This level of fund balance exceeded the Government Finance Officers Association's "best practice" recommendation "of no less than two months of regular general fund operating revenues or regular general fund operating expenditures" (or 16.67%).

The City continues to implement planned water rate increases of 3.7% each year until 2030 to assist with paying for the Hillsdale Water Treatment Plant expansion project. In 2022, the City updated the rate studies for the electric utility and the wastewater utility to ensure that rates are appropriate for supporting anticipated capital projects. In 2023, the City implemented a 4.2% increase in the wastewater rate to support planned capital projects and anticipated debt service. In 2023, the City implemented a 2% reduction in the residential kWh rate, temporarily eliminated the Power Cost Adjustment (PCA) for all customers, and reduced the Electric Service Charge fee by \$4 for all residential customers. These electric rate and fee changes were implemented to intentionally reduce the fund balance over time in the Electric Fund down to the target fund balance of 30% of expenditures and to lower the cost of energy for Gardner residents.

Management will continue to monitor reserves and will take necessary action to maintain desired levels, as evidenced by past financial performance and the current Standard & Poor's investment grade credit rating of AA-/Stable.

Awards/Acknowledgements

The City received the GFOA Distinguished Budget Presentation Award for the fiscal year beginning January 1, 2022. This is the eighth consecutive year the City has earned the budget presentation award. The award reflects the commitment of the Governing Body and staff to meeting the highest principles of governmental budgeting. In order to receive the budget award, the City had to satisfy nationally recognized guidelines for effective

budget presentation. These guidelines are designed to assess how well an entity's budget serves as: a policy document, a financial plan, an operations guide, and a communications device. Budget documents must be rated "proficient" in all four categories, and the fourteen mandatory criteria within those categories, to receive the award. We believe the FY 2023-2024 biennial budget document will meet the award criteria for FY 2023. The City's Finance Department, working in conjunction with City administration and the Governing Body, is responsible for developing the budget document.

This is the nineteenth year that the City has prepared the Annual Comprehensive Financial Report, and staff will submit this report for a Certificate of Achievement for Excellence in Financial Reporting with the Government Finance Officers Association of the United States and Canada (GFOA). The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report that conforms to program standards. The annual report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements. A Certificate of Achievement is valid for one year only. We believe this report conforms to the Certificate of Achievement program requirements.

The preparation of this Annual Comprehensive Financial Report could not have been accomplished without the cooperation and support of the Governing Body in maintaining the highest standards of professionalism in the management of Gardner's finances. In addition, special thanks are extended to Administration, other City departments, external auditors, and for the efficient, dedicated efforts of the entire staff of the City's accounting division.

Sincerely,

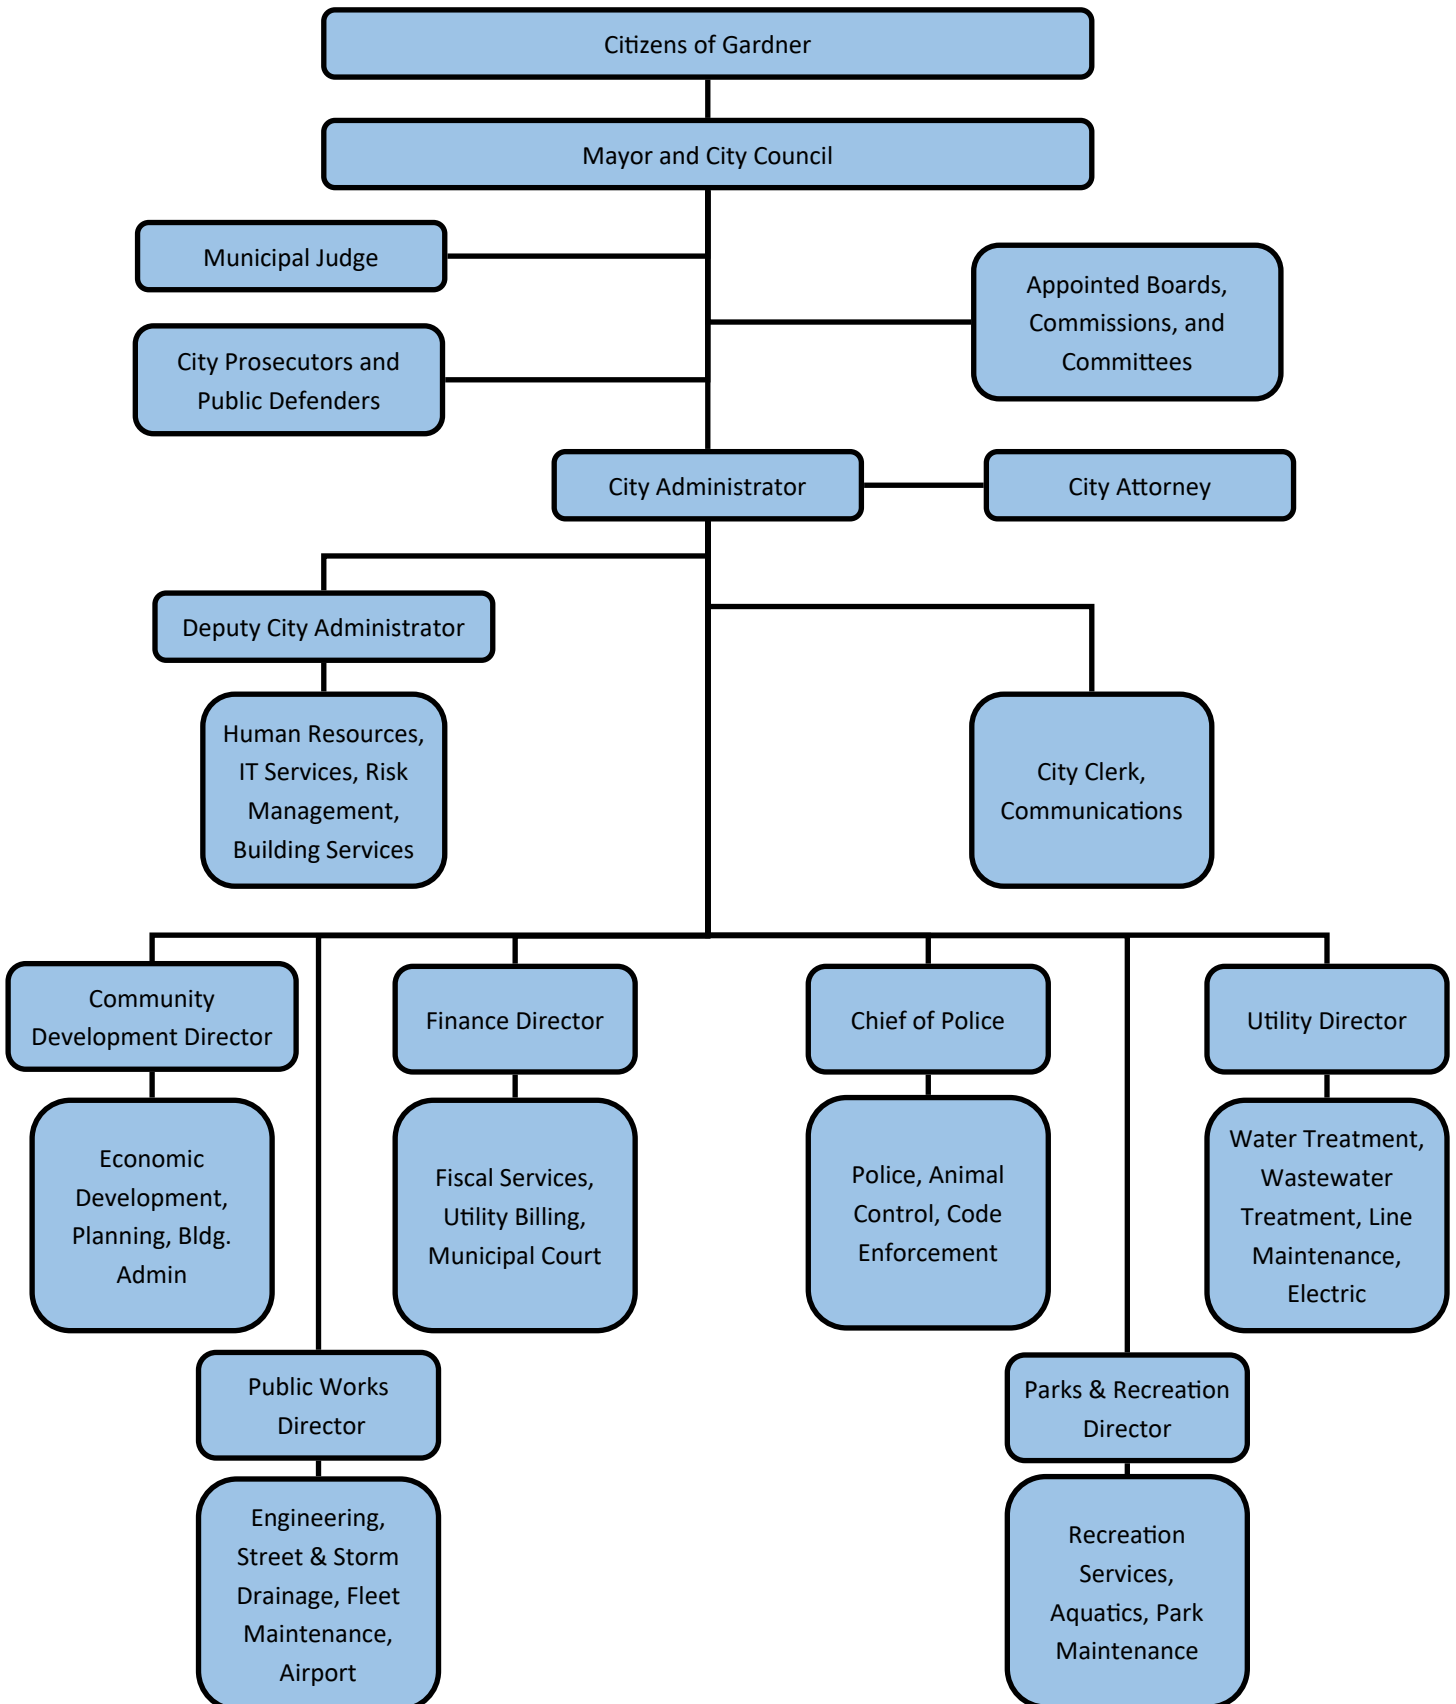

James Pruetting
City Administrator

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council Members
City of Gardner, Kansas

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Gardner, Kansas (the City) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Gardner, Kansas, as of December 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the *Kansas Municipal Audit and Accounting Guide*, and the standards applicable to financial audits contained in Government Auditing Standards (*Government Auditing Standards*), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information listed on the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information consists of the introductory, statistical and annual operating data sections as listed in the table of contents but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 13, 2023 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Gardner (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2022. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, the City's basic financial statements and the related notes to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of 2022 by \$159,799,160 (*net position*). Of this amount, \$29,240,985 (*unrestricted net position*) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's net position increased by \$16,069,123 during the fiscal year.
- As of the close of 2022, the City's governmental funds reported combined ending fund balances of \$23,755,567. Approximately 36% of this total amount, \$8,509,475, is unassigned fund balance available for spending at the City's discretion.
- At the close of the current fiscal year, fund balance for the City's primary operating fund, the general fund, was \$8,794,861 or 51% of the total general fund revenues of \$17,192,128.
- The City's total long-term debt increased \$1,320,972 during the current fiscal year. The City issued \$12,810,000 of new debt for the purpose of paying the costs of certain water system, street, and sewer system improvements and for definitive financing of bond anticipation notes. Of this amount, \$1,385,000 was to renew a portion of the City's temporary notes. The new debt issued was offset by the retirement of existing debt.

OVERVIEW OF THE FINANCIAL STATEMENTS

The City's financial report consists of the following parts:

- Management's discussion and analysis;
- The basic financial statements, which include the government-wide and the fund financial statements, along with the notes to the basic financial statements;
- Combining and individual statements and schedules for non-major funds;
- Statistical section, including the Annual Operating Data;

The basic financial statements of the City include the government-wide financial statements and the fund financial statements. The notes to the financial statements follow the basic financial statements and are essential for the reader's understanding of the financial statements. Other supplementary information, including the statistical section, is also included at the end of this report to provide additional information for the reader.

Government-wide Financial Statements

The government-wide financial statements present the results of the City's operations using the accrual basis of accounting, the basis of accounting used by private-sector businesses. These statements focus on the long-term financial picture of the City as a whole.

The *Statement of Net Position* reports all of the City's assets, deferred outflows of resources, liabilities and deferred inflows of resources and net position. Net position, the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources, are important measures of the City's overall financial health. Over time, the increases and decreases in net position can be monitored to determine whether the City's financial position is improving or deteriorating.

The *Statement of Activities* shows how the net position changed during the most recent fiscal year. The unique feature of this statement is how it shows the revenues and expenses related to specific programs and how much of the programs were supported by the general taxes of the City. Since this statement is prepared on the accrual basis of accounting, all revenues and expenses are included, regardless of when cash is actually received or disbursed.

Both statements show the operations of the City broken down by governmental activities and business-type activities. Governmental activities are the operations of the City generally supported by taxes, such as public works, police, parks and recreation, community development and general administration. Business-type activities are operations of the City that are intended to recover all or a significant portion of their costs through user fees and charges. These consist of the four utilities the City operates: electric, water, wastewater, and stormwater along with the airport.

Fund Financial Statements

The City uses two types of funds to manage its resources: Governmental Funds and Proprietary Funds. A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. These funds are separated for the purpose of carrying on specific activities or attaining certain objectives in accordance with regulations, restrictions, or limitations.

Governmental Fund financial statements are prepared on the modified accrual basis. Under the modified accrual basis, revenues are recognized when they become measurable and available, and expenditures are recognized when the related fund liability is incurred, with the exception of long-term debt and other similar items, which are recorded when due. The focus, therefore, is on the short-term financial picture of the operations reported rather than the City as a whole. Most of the City's basic operations are reported in the governmental fund financial statements. The information reported in these statements can be compared to the governmental activities information in the government-wide statements. The reconciliation at the end of the fund financial statements details the relationship between the two types of financial statements.

The City maintains several individual governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures

and changes in fund balances for the general fund, debt service fund, capital projects fund, infrastructure special sales tax fund and special highway fund, all of which are considered to be major funds. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary Funds are used by the City to account for activities that operate similar to commercial enterprises found in the private sector. Funds that charge fees for services provided to outside customers including other local governments are called enterprise funds. These funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Funds that charge fees for services provided to departments within the reporting government are known as internal service funds. Proprietary funds use the accrual basis of accounting; thus, the only reconciling items needed between the government-wide financial statements for business-type activities and the proprietary fund financial statements relate to the elimination of internal service fund activity and capital asset ownership transfers.

The City has five enterprise funds: electric fund, water fund, wastewater fund, stormwater fund and the airport fund. The City has four internal service funds: risk services fund, information technology services fund, building services fund, and the utility billing services fund. The electric fund, water fund, and wastewater fund are the only funds being considered major funds for presentation purposes.

Notes to the Financial Statements

The notes to the financial statements are an integral part of the basic financial statements because they contain valuable additional information necessary for gaining a complete understanding of the City's financial statements.

Other Information

In addition to the financial statements and notes described above, required supplementary information concerning the City's net pension liability and schedule of contributions for KPERS and KP&F and the City's total OPEB liability have been included to give the reader further information. Combining statements for non-major funds and internal service funds are presented following the required supplementary information. Finally, the Statistical Section includes statistical data about the City and the annual operating data.

ANALYSIS OF THE GOVERNMENT-WIDE STATEMENTS

Analysis of Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial condition. For the City, assets plus deferred outflows of resources exceeded liabilities plus deferred inflows of resources by \$159,799,160 at the close of the current fiscal year. The City's net position increased by \$16,069,123 from the prior year, with governmental activities increasing \$11,479,385 and business-type activities increasing \$4,589,738.

City of Gardner, Kansas Net Position

| | Governmental Activities | | Business-type Activities | | Total | |
|--------------------------|-------------------------|---------------------|--------------------------|---------------------|----------------------|----------------------|
| | 2022 | 2021 | 2022 | 2021 | 2022 | 2021 |
| Current and other assets | \$47,710,529 | \$35,730,508 | \$33,557,667 | \$22,314,755 | \$81,268,196 | \$58,045,263 |

| Capital projects | 4,780,676 | 2,660,031 | - | - | 4,780,676 | 2,660,031 |
| Streets improvements | 6,376,774 | 2,556,031 | - | - | 6,376,774 | 2,556,031 |
| Economic development | 428,317 | 275,405 | - | - | 428,317 | 275,405 |
| Other purposes | 324,101 | 257,786 | - | - | 324,101 | 257,786 |
| Unrestricted | 287,855 | (611,267) | 28,953,130 | 18,582,709 | 29,240,985 | 17,971,442 |
| Total net position | <u>\$69,259,415</u> | <u>\$57,904,890</u> | <u>\$90,539,745</u> | <u>\$85,950,007</u> | <u>\$159,799,160</u> | <u>\$143,854,897</u> |

The largest portion of the City's net position (64%) reflects its net investment of \$102,982,222 in capital assets (e.g., land, buildings, intangibles, infrastructure, vehicles, machinery and equipment and construction in progress); less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these are not available for future spending.

An additional \$27,575,953 of the City's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of the City's net position of \$29,240,985 is unrestricted and may be used to meet ongoing obligations to citizens and creditors.

Analysis of Changes in Net Position

Governmental activities increased the City's net position by \$11,479,385, while business-type activities increased the City's net position by \$4,589,738. The following table reflects the revenues and expenses for the City's activities for the year ended December 31, 2022, and illustrates the comparison between 2022 and the prior year:

City of Gardner, Kansas Changes in Net Position

| | Governmental Activities | | | Business-type Activities | | |

*Beginning balance for 2022 has been restated due to the implementation of GASB 87

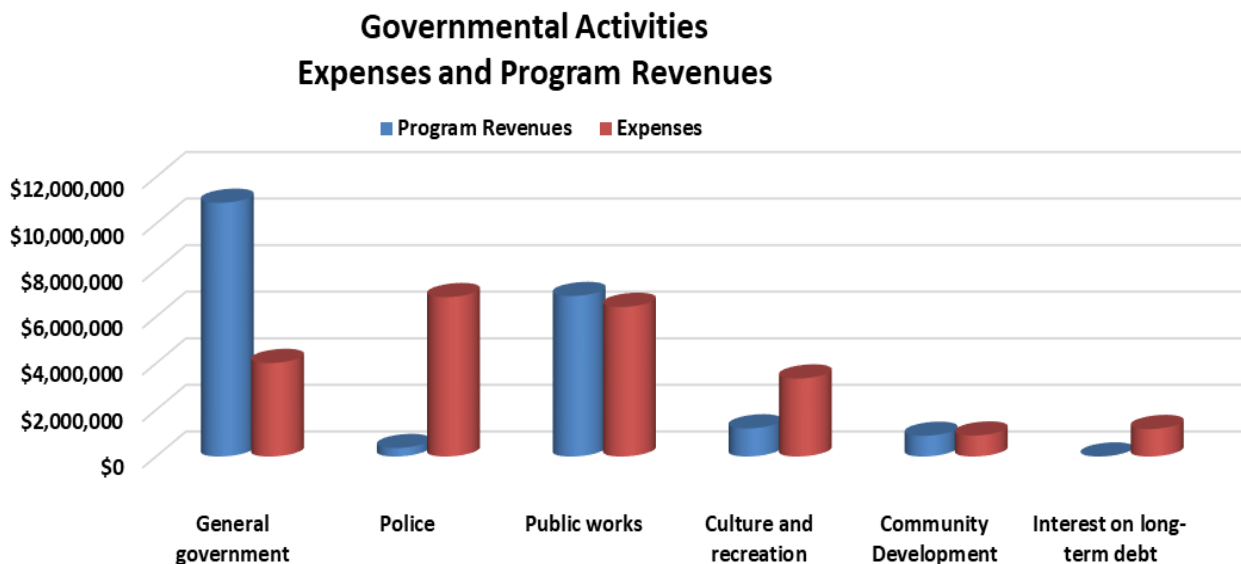

Governmental Activities

The City's net position related to governmental activities increased \$11,479,385 during the year, an increase of \$3,937,686 from the prior year.

Total governmental revenues increased \$5,333,783 from the prior year. The City saw increases in program revenues of \$4,092,918, of this amount \$2,851,549 is primarily due to capital contributions from developers and grant funding from KDOT for an off-street school route project. The City also saw increased revenues from park impact and building permit fees due to new development; strong sales tax collections within the Johnson County area due to a rebounding economy from the pandemic and increasing inflation; and new special assessments certified in 2022. Additionally, the City's sales tax revenues increased \$771,158 due to increasing population and inflation. Excise tax revenues increased \$199,274 due to an increase in platting from new development in comparison with the prior year.

Total governmental expenses increased \$2,889,560 from the prior year. The City saw increases in most of the governmental activities in 2022. The largest increase was in public works due to a large street overlay project.

The chart below illustrates how the City's various governmental activities program revenues vs. program expenses fared in 2022.

The chart below illustrates the City’s overall program and general revenues for governmental activities:

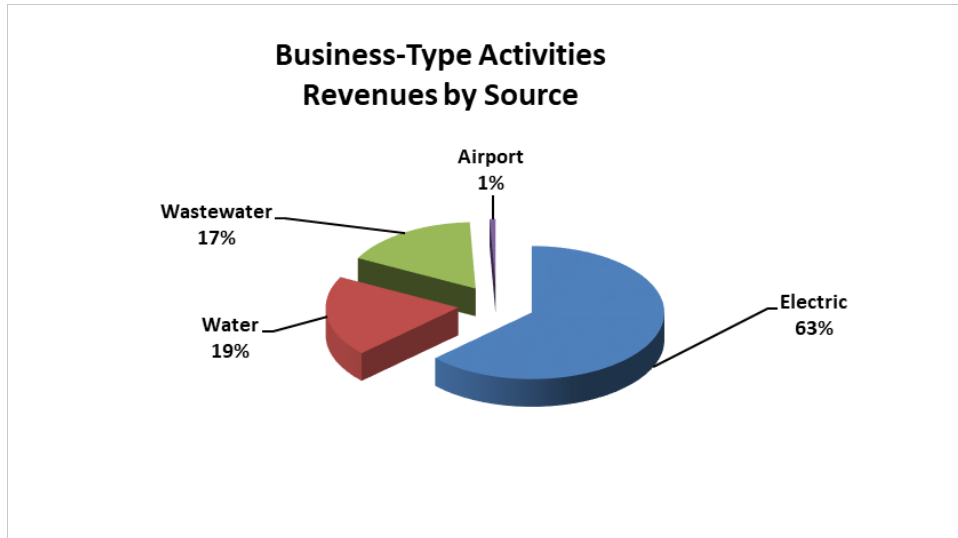

Business-Type Activities

The City’s net position related to business-type activities increased \$4,589,738. The electric, water and wastewater funds experienced positive changes (2.3%, 3.4% and 7.0%, respectively). These positive changes are primarily due to decreased electric wholesale energy costs, decreased water operating expenses and a decrease in the loss on the sale of capital assets. The City’s utility department converted to smart meters in 2021, this resulted in a write-off related to the old meters that did not recur in 2022.

The City’s residential water base rates increased 3.7%, while electric and wastewater base rates were unchanged in 2022. The program revenues vs. program expenses for business-type activities chart below illustrates the overall increase in net position for all business-type activities.

The chart below illustrates the City's charges for services from business-type activities, which account for 93.53% of their revenues:

FINANCIAL ANALYSIS OF THE CITY'S FUNDS:

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year. Types of governmental funds reported by the City include the general fund, debt service funds, capital projects funds and special revenue funds.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$23,755,567, an increase of \$6,958,699 in comparison with the prior year. Approximately 37% of this total amount or \$8,672,753 constitutes fund balance that is available to meet the City's current and future needs. The remainder of the fund balance totaling \$15,082,814 is restricted for specific spending or nonspendable in form.

The general fund is the chief operating fund of the City. At the end of the current fiscal year, the total fund balance was \$8,794,861. As a measure of the general fund's liquidity, it may be useful to compare the available fund balance to total general fund expenditures. Available fund balance represents 58% of total general fund expenditures of \$15,207,918.

The fund balance in the City's general fund had an increase of \$1,683,380 during the current fiscal year. Total revenues in the general fund increased \$2,020,345 and total expenditures increased \$1,232,951 compared to the previous year. This is due to strong local sales tax collections and sales

and use tax collections within the Johnson County area, mostly due to increasing populations and inflation.

The debt service fund had an ending fund balance of \$1,930,139, all of which is restricted for the payment of debt service. This is an increase of \$317,486 from the prior year, due to a large debt issue paying off in 2021.

The capital projects fund had an ending fund balance of \$1,819,926. This is a decrease of \$84,663 from the prior year.

The infrastructure special sales tax fund had an ending fund balance of \$1,700,787, all of which is restricted for rehabilitation of streets and pedestrian bridges and trails. This is an increase of \$342,640 from the previous year and is due to fewer street projects and an increase in the City's sales tax as aforementioned.

The special highway fund had an ending fund balance of \$5,564,132, all of which is restricted for construction and maintenance of streets, curbs and sidewalks within the City. This is an increase of \$3,929,400 due to the timing of debt proceeds received in 2022 for projects completed in 2021.

Proprietary funds

The City's proprietary funds financial statements provide the same type of information found in the government-wide financial statements, but in more detail.

At the end of the current fiscal year, unrestricted net position for proprietary funds amounted to \$28,934,413. The total increase in unrestricted net position was \$10,366,323 from the prior year.

The electric fund had total net position of \$35,962,121 at the end of the current fiscal year. This is an increase of \$798,135 or 2.27%, from the previous year. The increase is mostly due to decreased wholesale energy costs.

The water fund had total net position of \$20,827,242 at the end of the current fiscal year. This is an increase of \$685,024 or 3.4% from the previous year which can be attributed to decreased operating expenses and increased water rates. A new water line connection was funded in 2021 for a new development project that did not recur in 2022.

The wastewater fund had total net position of \$26,362,023 at the end of the current fiscal year. This is an increase of \$1,729,545 or 7.02%, from the previous year due to an increase in operating revenues along with decreased operating expenses. The increase in operating revenues was due to increased wastewater development fees from new development while the decreased operating expenses were due to a large cured in place pipe rehab project that happened in 2021 that did not recur in 2022.

The airport fund (a non-major proprietary fund) had total net position of \$4,272,734 at the end of the current fiscal year. This is an increase of \$271,210 or 6.78% from the previous year due to the receipt of capital grants.

The stormwater fund (a non-major proprietary fund) had total net position of \$3,076,418 at the end of the current fiscal year. This is an increase of \$1,105,825 or 56.12% from the previous year due to the receipt of capital contributions from developers.

The City's internal service funds had total net position of \$305,957 at the end of the current fiscal year.

GENERAL FUND BUDGETARY HIGHLIGHTS:

The City's general fund budget was not amended during 2022; therefore, the original budget and the final budget are the same. During the year, total revenues were more than budgetary estimates by \$2,791,069. Total expenditures were \$5,343,355 less than budgeted, which resulted in a positive variance of \$8,134,424. General fund project reserves of \$5,218,057 remain available at the end of 2022, up 35.66% from the prior year. These large reserves will provide funding to undertake major initiatives planned for the future and any unforeseen expenditures. A summary of differences between budgetary estimates for revenues and expenditures is as follows:

- Intergovernmental revenues were \$1,572,873 more than estimated due to strong sales tax collections within the Johnson County area, as aforementioned.
- City licenses and permits revenues were more than estimated by \$397,523 due to increased building and construction permits from new development in the City.
- Fines and fees revenues were more than estimated by \$264,379 due to increased court fines and fees.
- Transfers out were more than budgeted by \$1,000,000 due to a transfer to the capital improvement fund for the 167th Corridor preliminary design and final design of 167th from Center to Moonlight.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of December 31, 2022, amounted to \$194,950,008 (net of accumulated depreciation and amortization). This investment in capital assets includes land, construction in progress, buildings, improvements, machinery and equipment, intangibles, vehicles, roads, water lines, sewer collectors and electric lines.

Major capital asset events during the current fiscal year included the following:

- The City received donated infrastructure from new development valued at \$6,691,069.
- The City completed construction on the expansion of the Hillsdale Water Treatment Plant.
- The City negotiated the termination of an interlocal agreement resulting in the disposal of an intangible asset valued at \$5,470,062, net of accumulated amortization.
- The City's capital assets decreased \$1,468,326 (net of accumulated depreciation) due to the implementation of GASB 87.

More detailed information about the City's capital assets is presented in Note 4 to the Basic Financial Statements.

Long-Term Debt

At the end of the current fiscal year, the City had total long-term debt outstanding of \$90,819,296. This amount was comprised of \$59,975,000 of general obligation debt and \$1,385,000 of bond anticipation notes backed by the full faith and credit of the City. Special assessment debt in the amount \$11,505,000 is debt for which the City is liable in the event of default by the property owners subject to the assessment. An additional \$7,264,494 of the City's debt is from construction loans with the Kansas Department of Health and Environment for improvements to the wastewater system. Of the remaining debt, \$9,359,870 is from capital financing and \$1,329,932 is from lease liabilities.

In 2022, the City issued General Obligation Bonds to finance the cost of certain water, street, sewer and related improvements previously financed with the City's General Obligation Temporary Notes, Series 2020C.

In 2022, the City also issued General Obligation Temporary Notes for the purpose of renewing a portion of the City's General Obligation Temporary Notes, Series 2020C.

City of Gardner's Long-Term Debt

| | Governmental Activities | | Business-type Activities | | Total | |
|--|-------------------------|----------------------|--------------------------|----------------------|----------------------|----------------------|
| | 2022 | 2021 | 2022 | 2021 | 2022 | 2021 |
| General obligation bonds | \$ 25,930,000 | \$ 23,942,500 | \$ 34,045,000 | \$ 31,720,000 | \$ 59,975,000 | \$ 55,662,500 |
| Special assessment debt with government commitment | 11,505,000 | 9,637,500 | - | - | 11,505,000 | 9,637,500 |
| Bond anticipation notes payable | 1,385,000 | 5,205,000 | - | - | 1,385,000 | 5,205,000 |
| Construction loan payable | - | - | 7,264,494 | 7,905,171 | 7,264,494 | 7,905,171 |
| Lease liabilities | 1,129,758 | - | 200,174 | - | 1,329,932 | - |
| Capital financing | 18,987 | 1,371,441 | 9,340,883 | 9,716,712 | 9,359,870 | 11,088,153 |
| | <u>\$ 39,968,745</u> | <u>\$ 40,156,441</u> | <u>\$ 50,850,551</u> | <u>\$ 49,341,883</u> | <u>\$ 90,819,296</u> | <u>\$ 89,498,324</u> |

The City's total long-term debt increased \$1,320,972 during the current fiscal year. This is due to the aforementioned new GO Debt issued which was offset by the retirement of existing debt.

The City was assigned an “AA-” rating from Standard & Poor’s for its general obligation bonds. State statutes limit the amount of net bonded debt (exclusive of revenue, utility, and refunding bonds) a government entity may issue to 30% of its total assessed valuation of property. The current debt limitation for the City is \$93,225,575, which is significantly in excess of the City’s outstanding net bonded debt.

More detailed information about the City’s long-term debt is presented in Note 12 to the basic financial statements.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City’s finances for all interested parties. Questions concerning any of the information provided in this report or requests for additional information should be addressed to: Finance Department, 120 East Main, Gardner, Kansas 66030.

CITY OF GARDNER, KANSAS
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES OF THE GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Year Ended December 31, 2022

Net change in fund balances - total governmental funds 6,958,699

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

| | | |
|----------------------------|-------------|-------------|
| Capital Outlay | 2,516,812 | |
| Depreciation Expense | (3,645,917) | |
| Lease Amortization Expense | (67,017) | |
| Net Change | (1,196,122) | (1,196,122) |

Transfer of capital assets to electric, water, wastewater and stormwater (1,058,244)

Net gain (loss) on disposal of capital assets (8,993)

Some revenues reported in the statement of activities do not provide current financial resources and therefore are not reported as revenues in the governmental funds.

| | | |
|------------------------|--|-----------|
| Special assessments | | 3,064,205 |
| Donated capital assets | | 4,933,728 |

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

| | | |
|-----------------------|-----------|-----------|
| Compensated absences | (35,565) | |
| Accrued interest | (95,734) | |
| Premium amortization | 212,341 | |
| Deferred refunding | (34,189) | |
| Net pension liability | (724,489) | |
| Total OPEB expense | (40,477) | |
| Total | | (718,113) |

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

| | | |
|---|-------------|-----------|
| Debt issued or incurred: | | |
| General obligation and special assessment bonds | (6,990,000) | |
| Bond anticipation notes | (1,385,000) | |
| Premiums | (698,761) | |
| Principal repayments: | | |
| General obligation and special assessment bonds payable | 3,135,000 | |
| Lease liability | 228,996 | |
| Capital financing | 8,988 | |
| Bond anticipation note payable | 5,205,000 | |
| Total | | (495,777) |

Internal service funds are used by management to charge the costs of risk services, building services and information technology services to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities.

| | | |
|---|--|---------------|
| | | 2 |
| Change in net position of governmental activities | | \$ 11,479,385 |

The accompanying notes are an integral part of these financial statements.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS

1 - Summary of Significant Accounting Policies

The City of Gardner, Kansas (the City) is located in Johnson County, Kansas and was first incorporated in 1887 under the provisions of the constitution and general statutes of the State of Kansas. The City operates under a Mayor-Council-Administrator form of government and provides a full range of services including police; public works; community services; recreation and leisure; planning and codes enforcement; general management; and electric, water, wastewater, and stormwater utilities, as well as a municipal airport.

Reporting Entity

The accompanying financial statements present the City and its component unit, an entity for which the City is considered to be financially accountable. The blended component unit, although a legally separate entity, is, in substance, part of the City's operations.

Blended Component Unit. The Public Building Corporation (PBC) is a not-for-profit corporation governed by the Mayor, certain City Council members and members of the City's management. The PBC's sole purpose is to acquire assets and construct facilities and infrastructure for the benefit of the City through the issuance of revenue bonds pursuant to Kansas Statute 12-1757. In prior years, the financial statements of the PBC have been included within the City's reporting entity as a capital projects fund (City Hall); however, in 2017 - 2022, there was no fund balance or activity to report. Separately issued financial statements of the PBC are not available.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

1 - Summary of Significant Accounting Policies (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. A 90-day availability period is used for revenue recognition for all governmental funds revenues except property taxes for which a 60-day availability period is used. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended for the specific purpose or project before any amounts will be paid to the City; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed requirements. These resources are reflected as revenues at the time of receipt, or earlier if the susceptible to accrual criteria are met.

Property taxes, sales taxes, franchise taxes, interest associated with the current fiscal period, and certain state and federal grants and entitlements are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City. While property taxes are shown on the balance sheet as current assets of the City, they are not recognized as revenue at year-end because statutory provisions prohibit their use until the year for which they were raised and budgeted. Instead, they are offset by deferred inflows of resources accounts.

A double-step down allocation methodology is used to allocate the allowable costs of the central service divisions and departments. This methodology recognizes the cross support provided between central service divisions and departments. It requires an initial sequencing of allocating divisions and departments. In the first step of the double-step methodology, allowable costs from

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

1 - Summary of Significant Accounting Policies (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

central service divisions and departments are allocated in the sequence selected to all City divisions, departments and funds; including to other central service divisions and departments. The second step in the double-step down methodology is made to fully account for the cross support provided between central service divisions and departments. Central service divisions and departments are closed after the second step in the double-step down allocation methodology.

The City reports the following major governmental funds:

The general fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. This fund accounts for the general operating transactions of the City including police, public works, parks and recreation, community development and administration.

The debt service fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of governmental funds.

The capital projects fund accounts for the acquisition and construction of major capital facilities and the construction of infrastructure for special benefit districts other than those financed by enterprise funds.

The infrastructure special sales tax fund accounts for the sales tax revenues that are restricted to expenditures relating to the rehabilitation of streets and pedestrian trails and bridges.

The special highway fund accounts for the State's motor fuel tax and special county sales and use tax revenues that are restricted to expenditures related to the construction and maintenance of streets, curbs and sidewalks.

The City reports the following major proprietary funds:

The electric fund accounts for the planning, development, production, purchase, transmission and distribution of all electricity for the City.

The water fund accounts for the operation and maintenance activities of the City's water treatment and distribution system.

The wastewater fund accounts for the operation and maintenance activities of the City's wastewater collection and treatment system.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

1 - Summary of Significant Accounting Policies (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Additionally, the City reports the following fund type:

Internal service funds account for risk services, information technology services, building services and utility billing services provided to other departments on a cost reimbursement basis.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. An exception to this rule is charges between the City's enterprise funds and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the electric, water, wastewater, and stormwater funds are charges to customers for sales and services. Operating revenues in the electric fund also include lease revenues. The principal operating revenues for the municipal airport are hangar rental and fuel sales. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

Pooled Cash and Investments

Cash and investments of the individual funds are combined to form a pool that is managed by the Finance Director. Each fund's equity in the pool is included in "deposits and investments" in the financial statements. These pooled deposits and investments consist of operating accounts, pooled municipal investment pool, US Treasury Bills, and a money market account. The municipal investment pool is not an SEC registered pool. The Pooled Money Investment Board (PMIB) provides the regulatory oversight for this pool. The reported value of the pool is the same as the fair value of the pool shares. Investment earnings, including interest income, are allocated to the funds required to accumulate interest; other investment earnings are allocated based on

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS

(Continued)

1 - Summary of Significant Accounting Policies (Continued)

Pooled Cash and Investments (Continued)

management discretion and upon their average daily equity balances. If a fund is not required to account for its own earnings by law or regulation, the earnings are allocated to the General Fund.

Investments are measured at fair value. Fair value is defined as the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction. There is a fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value

Statement of Cash Flows

For purposes of the statement of cash flows, the City considers deposits and highly liquid investments with an original maturity of three months or less to be cash equivalents. See Note 3, Deposits and Investments for a detailed breakdown of the City's investments.

Allowances for Uncollectibles

All trade and property tax receivables are shown net of an allowance for uncollectibles. Trade accounts receivable in excess of 238 days comprise the trade accounts receivable allowance for uncollectibles. The allowance for trade uncollectibles is as follows at December 31, 2022:

| | |
|-----------------|------------|
| Electric Fund | \$ 980,059 |
| Water Fund | 363,486 |
| Wastewater Fund | 329,229 |
| Airport Fund | 652 |

The property tax receivable allowance is equal to 2.6% of outstanding property taxes at December 31, 2022.

Restricted Assets

The State of Kansas requires the City to maintain customer utility and developer deposits separate from City assets in the enterprise funds. Interest earned on deposits is credited back to customers as required by State statutes. Restricted deposits and investments are also set aside for capital projects and debt service.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

1 - Summary of Significant Accounting Policies (Continued)

Property Taxes

The City's property tax is levied each year on the assessed value of all real estate listed as of the prior January 1, the lien date. Assessed values are established by Johnson County.

Property taxes are legally restricted for use in financing operations of the ensuing year. Accordingly, the City defers revenue recognition until the year for which they are to be used. Property taxes are levied on November 1 of each year. Property owners have the option of paying one-half of the full amount of the taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the following year. Property taxes become delinquent on December 20 of each fiscal year if the taxpayer has not remitted at least one-half of the amount due. The Johnson County Treasurer is the tax collection agent for all taxing entities within the County. Property taxes levied in prior years that remain uncollected are recorded as receivables, net of estimated uncollectibles.

Inventories

Inventories consist of expendable supplies and merchandise held for consumption. All inventories are valued at cost.

Prepaid Items

Prepaid items are those paid out in the current year but which benefit future accounting periods. The City uses the consumption method and records these items as an asset.

Capital Assets

Capital assets, which include property, plant, equipment, infrastructure (e.g., roads, bridges, sidewalks and similar items), intangibles, vehicles and construction in progress are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined as assets with an initial cost of more than \$10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS

(Continued)

1 - Summary of Significant Accounting Policies (Continued)

Capital Assets (Continued)

Property, plant, and equipment of the primary government, as well as the component unit, are depreciated using the straight-line method. Additionally, a full year of depreciation expense is recognized in the year of acquisition and none in the year of disposal. Depreciation is recognized over the following estimated useful lives.

| | |
|----------------------------|---------------|
| Buildings and improvements | 20 - 40 years |
| Machinery and equipment | 5 - 10 years |
| Vehicles | 3 - 10 years |
| Infrastructure | 6 - 50 years |

The City will, from time to time, acquire electric utility customers and water utility customers. These transactions will be reported in the electric fund and the water fund, respectively and will also be reported in the business-type activities column in the government-wide financial statements as an intangible capital asset. The city is amortizing these assets based on the revenue generated from the acquired customers.

In prior years, the City contributed capital funding towards the design and construction of a cooperative facility owned by another party under an interlocal agreement. The City had the right to use the facility for a period of time specified in the agreement. The asset was recorded as an intangible asset in the wastewater fund and was being amortized over 35 years. During the year, the City negotiated the termination of this agreement resulting in a loss on the disposal of an intangible asset of \$1,080,513 in the wastewater fund.

Lease Arrangements

During 2022, the City implemented GASB Statement No. 87, Leases. The implementation of this Statement resulted in the restatement of the City's governmental activities beginning of year net position but had no effect on the City's business-type activities beginning of year net position. Governmental activities beginning net position was reduced by \$124,860.

For arrangements where the City is a lessee, a lease liability and a right to use (RTU) intangible asset are recognized at the commencement of the lease term. RTU assets represent the City's right to use underlying assets for the lease term and lease liabilities represent the City's obligation to make lease payments arising from the lease. RTU assets and lease liabilities are recognized at the lease commencement date based on the estimated present value of lease payments over the lease term. At the beginning of the year the City's right to use assets and lease liabilities were restated for governmental activities in the amount of \$1,358,754 and for business-type activities in the amount of \$274,610.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

1 - Summary of Significant Accounting Policies (Continued)

Lease Arrangements (Continued)

For governmental fund statements, an expenditure and other financing source will be reported in the period the lease is initially recognized. The expenditure and other financing source should be measured as noted in the previous paragraph. Subsequent governmental fund lease payments are accounted for consistent with principles of debt service payments on long-term debt.

For government-wide and proprietary fund statements, for arrangements in which the City is the lessor, a lease receivable and a deferred inflow of resources is recognized at the commencement of the lease term. The lease receivable is measured at the present value of the lease payments expected to be received during the lease term. The deferred inflows of resources should be measured at the value of the lease receivable plus any payments received at or before the commencement of the lease term that relates to future periods. The City is only a lessor for business-type activities. At the beginning of the year, the City's lease receivable assets and deferred inflows of resources were restated for business-type activities in the amount of \$51,801.

The City uses an incremental borrowing rate to calculate the present value of lease payments when the rate implicit in the lease is not known. This incremental borrowing rate is a combination of an applicable market rate and a credit spread based on market data points as of the most recent quarter end corresponding to the lease commencement date. The City includes lease extension and termination options in the lease term, if after considering relevant economic factors, it is reasonably certain the City will exercise the option. The City has elected to not recognize RTU assets and lease liabilities for lease terms for 12 months or less. Additionally the City has applied a \$10,000 lease recognition threshold similar to the threshold applied to capital assets.

Compensated Absences

The City's policies allow employees to accumulate up to one and one half times their annual vacation accrual at any time and can carry over to subsequent years. This carryover, payable upon separation from service, can range from 156 to 300 hours depending upon the employee's length of service.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. In the governmental fund financial statements, a liability for these amounts is reported only when they have matured, for example, as a result of employee resignations and retirements.

Sick leave for full-time employees accrues at the rate of 3.692 hours per bi-weekly pay period with a maximum accumulation of 1,040 hours. Hours accumulated at the end of the year over the 1,040 hours are paid out the following January at a specified rate. Regular part-time employees accrue sick leave at a proportional rate to full-time employees. Twenty percent of accumulated sick pay

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

1 - Summary of Significant Accounting Policies (Continued)

Compensated Absences (Continued)

under the 1,040 hours is payable upon separation from service and has been included in the compensated absences calculation.

Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

The net pension liability is calculated as the difference between the actuarially calculated value of the projected benefit payments attributed to past periods of employee service and the plan's fiduciary net position. The total pension expense is comprised of the service cost or actuarial present value of projected benefit payments attributed to the valuation year, interest on the total pension liability, plan administrative expenses, current year benefit changes, and other changes in plan fiduciary net position less employee contributions and projected earnings on plan investments. Additionally, the total pension expense includes the annual recognition of outflows and inflows of resources due to pension assets and liability.

For purposes of measuring the collective net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Kansas Public Employees Retirement System (KPERs) and additions to/deductions from KPERs' fiduciary net position have been determined on the same basis as they are reported by KPERs. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Balances

As prescribed by GASB Statement No. 54, governmental funds report fund balance classifications based primarily on the extent to which the City is bound to honor constraints on the specific

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

1 - Summary of Significant Accounting Policies (Continued)

Fund Balances (Continued)

purposes for which amounts in the funds can be spent. These potential classifications are defined as follows:

Nonspendable fund balance – includes amounts that are (a) not spendable in form, or (b) legally or contractually required to remain intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.

Restricted fund balance – includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.

Committed fund balance – includes amounts that can only be used for specific purposes determined by a formal action of the City’s highest level of decision-making authority, the City Council. Commitments are created by, and can only be changed or removed by, a resolution adopted by the City Council.

Assigned fund balance – includes amounts intended to be used by the City for specific purposes that are neither restricted nor committed. For this type of fund balance, it is the City’s policy that spending authority is delegated to management by the City Council.

Unassigned fund balance – is the residual classification for the General Fund and includes all amounts not contained in other classifications. Unassigned amounts are technically available for any purpose. A positive unassigned fund balance is only possible in the general fund.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned.

Deferred outflows/inflows of resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has three items that qualify for reporting in this category. First is the deferred charge on refunding reported in the government-wide statement of net position and proprietary funds statement of net position. A deferred charge on the refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second is the deferred outflow for

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS

(Continued)

1 - Summary of Significant Accounting Policies (Continued)

Deferred outflows/inflows of resources (Continued)

pension related items. See Note 6 for more information on this deferred outflow. Lastly, the government reports a deferred outflow for OPEB related items. See Note 8 for more information.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The City has five types of items, unavailable revenue, deferred revenue, deferred inflow for leases, deferred inflow for pension related items, and deferred inflow for OPEB related items that qualify for reporting in this category. Unavailable revenue, which arises only under a modified accrual basis of accounting, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Deferred revenues are reported in both the government-wide statement of net position and the governmental funds balance sheet for property tax receivable. Property taxes are not recognized as revenue until the period for which they are levied. Deferred inflow for leases are deferred and recognized as revenue in a systematic and rational manner over the term of the lease. See Note 11 for more details. The last two items, deferred inflows for pension related items and deferred inflows for OPEB related items, are reported only in the Statement of Net Position. See Notes 6 and 8 for more information on these deferred inflows.

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Deferred inflows of resources are reported as follows:

| | |
|---|----------------------|
| General fund property taxes receivable | \$ 3,629,722 |
| Debt service fund property taxes receivable | 1,615,017 |
| Debt service fund special assessments receivable | 14,162,365 |
| Non-major governmental fund property taxes receivable | <u>70,585</u> |
| | <u>\$ 19,477,689</u> |

Net position

The government-wide statement of net position reports \$27,575,953 of restricted net position, of which \$1,863,451 is restricted by enabling legislation.

CITY OF GARDNER, KANSAS

1 - Summary of Significant Accounting Policies (Continued)

Restatement of Beginning Net Position

On January 1, 2022, the City adopted GASB Statement No. 87, Leases. The primary objective of this statement is to enhance the relevance and consistency of information about the governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The City implemented this standard as of January 1, 2022 and restated the beginning net position for the following:

| | Governmental Activities | Business-Type Activities | Total |
|--|----------------------------|-----------------------------|-----------------------|
| Net Position, end of year, 2021 | \$ 57,904,890 | \$ 85,950,007 | \$ 143,854,897 |
| Add: Lease Liability | (1,358,754) | (274,610) | (1,633,364) |
| Add: Right to Use Asset | 1,358,754 | 274,610 | 1,633,364 |
| Less: Write off capital lease liability | 1,343,466 | - | 1,343,466 |
| Less: Write off capital lease asset | (1,674,699) | - | (1,674,699) |
| Less: Write off capital lease asset accumulated depreciation | 206,373 | - | 206,373 |
| Add: Lease Receivable | - | 51,801 | 51,801 |
| Add: Deferred Inflow | - | (51,801) | (51,801) |
| Net Position, beginning of year, 2022, as restated | <u>\$ 57,780,030</u> | <u>\$ 85,950,007</u> | <u>\$ 143,730,037</u> |

Concentrations of Credit Risk

Loans are extended, on a fully secured basis, to local businesses under an economic development loan program. Credit is extended to citizens for special assessments levied by the City for capital improvements. These special assessments are secured by liens on the related properties. Unsecured credit is extended to customers for electric, water and sewer fees and charges for services. Intergovernmental receivables include unsecured amounts due from federal, state and county agencies for various grant programs.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CITY OF GARDNER, KANSAS

Pending Governmental Accounting Standards Board Statements

At December 31, 2022, the Governmental Accounting Standards Board (GASB) had issued statements not yet implemented by the City. The statements that might impact the City are as follows:

GASB Statement No. 93, Replacement of Interbank Offered Rates, provides guidance where some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR)—most notably, the London Interbank Offered Rate (LIBOR). As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. The provisions of this statement were originally effective for financial statements for the City’s fiscal year ending December 31, 2022, and now postponed until December 31, 2023 per GASB Statement No. 95.

GASB Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). A PPP is an arrangement in which a government contracts with an operator to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset, for a period of time in an exchange or exchange-like transaction. This statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs), which is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction. The provisions of this statement are effective for financial statements for the City’s fiscal year ending December 31, 2023.

GASB Statement No. 96, Subscription-Based Information Technology Arrangements, provides new accounting and financial reporting guidance for subscription-based information technology arrangements (SBITAs), which have become increasingly common among state and local governments in recent years. Statement 96 is based on the standards established in Statement 87, Leases. The new statement defines a SBITA as a contract that conveys control of the right to use a SBITA vendor’s IT software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction. The guidance requires governments with SBITAs to recognize a right-to-use subscription asset, an intangible asset, and a corresponding subscription liability (with an exception for short-term SBITAs, those with a maximum possible term of 12 months) and provides guidance related to outlays other than subscription payments, including implementation costs, and requirements for note disclosures related to a SBITA. The provisions of this statement will be effective for financial statements for the City’s fiscal year ending December 31, 2023.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS

1 - Summary of Significant Accounting Policies (Continued)

Pending Governmental Accounting Standards Board Statements (Continued)

GASB Statement No. 99, Omnibus 2022, enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This statement addresses a variety of topics including: 1) classification and reporting of derivative instruments within the scope of Statement No. 53 that do not meet the definition of either an investment derivative instrument or a hedging derivative instrument; 2) clarification of certain provisions in Statement No. 87, Statement No. 94 and Statement No. 96; 3) extension of the period during which the London Interbank offered Rate (LIBOR) is considered an appropriate benchmark interest rate of the qualitative evaluation of the effectiveness of an interest rate swap that hedges the interest rate risk of taxable debt; 4) accounting for the distribution of benefits as part of the Supplemental Nutrition Assistance Program; 5) disclosures related to nonmonetary transactions; 6) pledges of future revenues when resources are not received by the pledging government; 7) clarification of provisions in Statement No 34 related to the focus of the government-wide financial statements; terminology updates related to certain provisions of Statement No. 63; and 8) terminology used in Statement No. 53 to refer to resource flows statements. The provisions of this statement for items 1 and 2 are effective for financial statements for the City's fiscal year ending December 31, 2024, and December 31, 2023, respectively. All other provisions of this statement are effective upon issuance.

GASB statement No. 100, Accounting Changes and Error Corrections, enhances accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent and comparable information for making decisions or assessing accountability. This statement defines accounting changes as changes in accounting principles, changes in accounting estimates and changes to or within the financial reporting entity. This statement also addresses corrections of errors in previously issued financial statements. This statement prescribes the accounting and financial reporting for each type of accounting change and error corrections. This statement requires that changes in accounting principles and error corrections be reported retroactively by restating prior periods, changes to or within the financial reporting entity be reported by adjusting beginning balances of the current period, and changes in accounting estimates be reported prospectively by recognizing the change in the current period. This statement also requires disclosure in the notes to the financial statements of descriptive information about accounting changes and error corrections. Furthermore, this statement addresses how information that is affected by a change in accounting principle or error correction should be presented in required supplementary information and supplementary information. The provisions of this statement are effective for financial statements for the City's fiscal year ending December 31, 2024.

GASB Statement No. 101, Compensated Absences, better meets the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. This is achieved by aligning the recognition and measurement guidance under a unified

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS

Pending Governmental Accounting Standards Board Statements (Continued)

model and by amending certain previously required disclosures. The provisions of this statement are effective for financial statements for the City's fiscal year ending December 31, 2024.

2 - Stewardship, Compliance and Accountability

Budgetary Information

Applicable Kansas statutes require that budgets be legally adopted for the general fund, special revenue funds (unless exempted by a specific statute), enterprise funds and the debt service fund. A legal operating budget is not required for the Capital Project Fund, the Vehicle and Equipment Replacement Fund, the American Rescue Plan Act Grant Fund, the Mayor's Christmas Tree Fund, the Special Olympics Fund, and the Law Enforcement Trust Fund. Legal operating budgets are, however, required for the Infrastructure Special Sales Tax, Park Improvement, Special Highway, and Street Improvement capital project funds. All budgets are prepared utilizing the modified accrual basis further modified by the encumbrance method of accounting – that is, commitments such as purchase orders and contracts, in addition to disbursements and accounts payable, are recorded as expenditures.

In March 2021, the Kansas Legislature passed Senate Bill (SB) 13 to establish limitations on ad valorem property tax levies by taxing subdivisions without an additional notice and hearing prior to budget adoption. This change in policy applied to the 2022 budget cycle. The bill repeals the tax lid law and computed tax limits imposed by KSA 79-2925b and KSA 79-2925c. Alternatively the bill introduces the use of a "revenue neutral rate" (RNR), defined as the amount of ad valorem tax revenue levied in the prior year over the current year assessed valuation estimates, expressed as a mill. County clerks are responsible for computing and providing the rate to taxing subdivisions with the budget information estimates.

Timeline if exceeding the RNR:

- a) **June 15th** Assessed property valuation estimates distributed from County Clerks (will include Revenue Neutral Rate)
- b) **July 20th** Last day to notify County Clerk of intent to levy above RNR
- c) **August 10th** County Clerk notifies taxpayers via mail/email of all taxing subdivisions exceeding RNR
- d) **August 10th – September 10th** Publication of hearing 10 days prior to hearing for both the RNR hearing and the budget hearing. The RNR hearing must be done prior to or in conjunction with the budget hearing.
- e) **August 20th – September 20th** Hold RNR hearing and budget hearing
- f) **August 20th – October 1st** Governing body passes resolution to exceed RNR and formally adopts budget. Governing body certifies budget to County Clerk.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

2 - Stewardship, Compliance and Accountability

Budgetary Information (Continued)

Timeline if not exceeding the RNR:

- a) **June 15th** Assessed property valuation estimates distributed from County Clerks (will include Revenue Neutral Rate)
- b) **August 4th** Deadline to publish notice of budget hearing in newspaper
- c) **August 15th** Deadline to hold budget hearing
- d) **August 15th – 25th** Governing body formally adopts budget
- e) **August 25th** Governing body certifies budget to County Clerk

Kansas statutes permit transferring budgeted amounts from one object or purpose to another within the same fund; however, such statutes prohibit creating expenditures in excess of the total amount of the adopted budget of expenditures in an individual fund. The City Administrator is authorized to approve over-expenditures at the departmental level or transfers of budgeted appropriations between departments. However, management may not amend a fund's total budgeted expenditures without Council approval. The legal level of budgetary control is the fund level. Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the City. All unencumbered appropriations lapse at the end of the year. Encumbered appropriations are not appropriated in the ensuing year's budget but are carried forward until liquidated or cancelled.

Kansas statutes permit original budgets to be increased for previously unbudgeted increases in revenue other than ad valorem property taxes. The City must first publish a notice of public hearing to amend the budget. Ten days after publication, a public hearing is held and the governing body may amend the budget at that time.

3 - Deposits and Investments

Deposits

Custodial Credit Risk-Deposits

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned. Kansas statutes require that deposits be collateralized, and that collateral pledged must have a fair market value equal to 100% of the deposits and investments, less insured amounts, and must be assigned for the benefit of the City. The carrying amount of deposits for the City was not exposed to custodial credit risk.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

3 - Deposits and Investments (Continued)

Deposits (Continued)

Fair Value Measurements

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the investment.

Level 1 inputs are quoted prices in active markets for identical assets;

Level 2 inputs are significant other observable inputs, either directly or indirectly observable, and fair value can be determined through the use of models or other valuation methodologies;

Level 3 inputs are significant unobservable inputs in situations where there is little or no market activity for the asset or liability and the entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At December 31, 2022, the City had the following investments:

| Schedule of Investments at December 31, 2022 | | | | | |
|---|-----------------------|-------------------|----------------------|----------------------|-----------------------------|
| | <u>Interest Rates</u> | <u>Maturities</u> | <u>Par Value</u> | <u>Fair Value</u> | <u>Fair Value Hierarchy</u> |
| City Investments: | | | | | |
| U.S. Treasury Bill | 1.375% - 2.625% | <1 year | \$ 25,779,605 | \$ 25,773,289 | Level 1 |
| KMIP - Overnight | .002% - 2.758% | On Demand | 1,388,287 | 1,388,287 | N/A |
| | | | <u>\$ 27,167,892</u> | <u>\$ 27,161,576</u> | |

Investments

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's formal investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates, but requires that to the extent possible, the City will attempt to match its investments with anticipated cash flow requirements. The City is not exposed to significant interest rate risk.

Credit risk

Kansas statutes authorize the City, with certain restrictions, to deposit or invest in temporary notes, no-fund warrants, open accounts, time deposits, certificates of deposit, repurchase

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

3 - Deposits and Investments (Continued)

Investments (Continued)

agreements, U.S. Treasury Bills and Notes, the State of Kansas Municipal Investment Pool, or to make direct investments. The City has an investment policy which does not impose limitations beyond those of the State of Kansas.

Custodial Credit Risk – Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments that are in the possession of an outside party. As of December 31, 2022, the City was not exposed to custodial credit risk.

The following is a breakdown of the City’s cash by fund type:

| Reconciliation of Cash | | | |
|-------------------------------|-----------------------------------|------------------------------------|----------------------|
| | Deposits Including Investments | Restricted Cash and Investments | Total |
| Government-type activities | \$ 24,729,927 | \$ 1,162,733 | \$ 25,892,660 |
| Business-type activities | 28,028,338 | 457,075 | 28,485,413 |
| Total | \$ 52,758,265 | \$ 1,619,808 | \$ 54,378,073 |

At year-end, a reconciliation of deposits and investments is as follows:

| Reconciliation of Deposits and Investments | |
|---|-----------------------|
| | Primary Government |
| Cash on hand | \$ 5,950 |
| Carrying amount of deposits | 27,210,547 |
| Carrying amount of investments | 27,161,576 |
| Total deposits and investments | <u>\$ 54,378,073</u> |
| Deposits including investments | \$ 52,758,265 |
| Restricted cash and investments | 1,619,808 |
| Total deposits and investments | <u>\$ 54,378,073</u> |

5 - Capital Financed Assets

The City has entered into a capital financing arrangement for equipment and an asset purchase agreement for a 32.26% interest in KMEA’s (Kansas Municipal Energy Agency) 10.1% undivided interest in the Dogwood Energy Facility which have been classified in the financial statements as capital assets.

In March 2018, the City entered into an asset purchase agreement with KMEA to assume the costs of a 32.26% participation in KMEA’s 10.1% undivided interest in the Dogwood Energy Facility. Payments began in April 2019 and will continue on a semi-annual basis until maturity in 2038.

In May 2019, the City entered into a \$45,000 Purchase Agreement to finance the purchase of equipment for the public works department. Payments began in April of 2020 and will continue on an annual basis until maturity in 2024.

The following table details capital financed assets by major classification at December 31, 2022.

6 - Defined Benefit Pension Plans

Plan Description

The City participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, *et seq.* Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Annual Comprehensive Financial Report, which can be found on the KPERS website at <http://www.kpers.org> or by writing to KPERS (611 S. Kansas Avenue, Suite 100, Topeka, Kansas 66603-3803) or by calling 1-888-275-5737.

Benefits Provided

KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Benefits are established by statute and may only be changed by the Legislature. Member employees (except Police and Firemen) with ten or more years of credited service, may retire as early as age 55 (Police and Firemen may be age 50 with 20 years of credited service), with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever an employee's combined age and years of credited service equal 85 "points" (Police and Firemen's normal retirement ages are age 60 with 15 years of credited service, age 55 with 20 years, age 50 with 25 years, or any age with 36 years of service).

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, member employees may withdraw their contributions from their individual accounts, including interest. Member employees who withdraw their accumulated contributions lose all rights and privileges of membership. The accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

Member employees choose one of seven payment options for their monthly retirement benefits. At retirement, a member employee may receive a lump-sum payment of up to 50% of the actuarial present value of the member employee's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump-sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas.

The 2012 Legislature made changes affecting new hires, current member employees and employers. A new KPERS 3 cash balance retirement plan for new hires starting January 1, 2015, was created. Normal retirement age for KPERS 3 is 65 with five years of service or 60 years with 30 years of service. Early retirement is available at age 55 with ten years of service, with a reduced benefit. Monthly benefit options are an annuity benefit based on the account balance at retirement.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

6 - Defined Benefit Pension Plans (Continued)

Benefits Provided (Continued)

For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

Contributions

K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. K.S.A. 74-4975 establishes the Police and Firemen (KP&F) member-employee contribution rate at 7.15% of covered salary. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2, KPERS 3 and KP&F be determined based on the results of each annual actuarial valuation. KPERS is funded on an actuarial reserve basis. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1.0% contribution rate for the Death and Disability Program) and the statutory contribution rate were 8.90% for KPERS and 22.99% for KP&F for the fiscal year ended December 31, 2022.

House Substitute for SB21 included changes to the working after retirement rules for members who retire on or after January 1, 2018. The key provisions of the bill were to lengthen the waiting period for KPERS members to return to work from 60 days to 180 days for members who retire before attaining age 62, removing the earnings limitation for all retirees and establish a single employer contribution schedule for all retirees. For employees working after retirement, KPERS employers will pay the same statutorily required rate as the other KPERS plans (for the City that rate is 8.90% for 2022) on earnings up to \$25,000 and 30% on earnings over \$25,000.

Contributions to the pension plan from the City were \$666,356 for KPERS and \$647,047 for KP&F for the year ended December 31, 2022.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS

6 - Defined Benefit Pension Plans (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Although KPERS administers one cost sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each group of the plan. The City participates in the local (KPERS) group and the Police and Firemen (KP&F) group.

At December 31, 2022, the City reported a liability of \$7,499,434 for KPERS and \$6,780,864 for KP&F for its proportionate share of the KPERS' collective net pension liability. The collective net pension liability was measured by KPERS as of June 30, 2022, and the total pension liability used to calculate the collective net pension liability was determined by an actuarial valuation as of December 31, 2021, which was rolled forward to June 30, 2022. The City's proportion of the collective net pension liability was based on the ratio of the City's actual contributions to KPERS and KP&F, relative to the total employer and nonemployer contributions to KPERS and KP&F for the fiscal year ended June 30, 2022. The contributions used exclude contributions made for prior service, excess benefits and irregular payments. At June 30, 2022, the City's proportion and change from its proportion measured as of June 30, 2021 were as follows:

| | Governmental Activities | Business-Type Activities | Total net pension liability as of December 31, 2022 | Proportion as of June 30, 2022 | Change in proportion from June 30, 2021 |
|---------------|------------------------------------|-------------------------------------|--|---|--|
| KPERS (local) | \$ 4,560,200 | \$ 2,939,234 | \$ 7,499,434 | 0.377227% | 0.003309% |
| KP&F | 6,780,864 | - | 6,780,864 | 0.470165% | 0.003102% |
| Total | <u>\$ 11,341,064</u> | <u>\$ 2,939,234</u> | <u>\$ 14,280,298</u> | | |

For the year ended December 31, 2022, the City recognized pension expense of \$1,031,248 for KPERS and \$1,173,922 for KP&F. At December 31, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

CITY OF GARDNER, KANSAS

6 - Defined Benefit Pension Plans (Continued)

Actuarial assumptions

The total pension liability was determined by an actuarial valuation as of December 31, 2021, which was rolled forward to June 30, 2022, using the following actuarial assumptions, applied to all periods included in the measurement:

| | |
|---------------------------|--|
| Actuarial Assumptions | Entry age normal |
| Inflation | 2.75 percent |
| Salary increases | 3.50 to 12.00 percent, including price inflation |
| Investment rate of return | 7.00 percent compounded annually, net of investment expense, including price inflation |

Mortality rates were based on the RP 2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different membership groups. Future mortality improvements are anticipated using Scale MP-2016.

The actuarial assumptions used in the December 31, 2021 valuation were based on the results of an actuarial experience study conducted for the three-year period beginning January 1, 2016. The experience study is dated January 7, 2020.

The actuarial assumptions changes adopted by the Pension Plan for all groups based on the actuarial valuation were as follows:

- The investment return assumption decreased from 7.25% to 7.00%.
- The general wage growth assumption remained at 3.50%.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage. Best estimates of arithmetic real rates of return for each major asset class as of the most recent experience study, dated January 7, 2020, as provided by KPERS' investment consultant, are summarized in the following table:

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

6 - Defined Benefit Pension Plans (Continued)

Actuarial assumptions (Continued)

| Asset class | Long-term target allocation | Long-term expected real rate of return |
|-----------------------|------------------------------------|---|
| U.S. Equities | 23.50 % | 5.20 % |
| Non-U.S. Equities | 23.50 | 6.40 |
| Private Equity | 8.00 | 9.50 |
| Private Real Estate | 11.00 | 4.45 |
| Yield Driven | 8.00 | 4.70 |
| Real Return | 11.00 | 3.25 |
| Fixed Income | 11.00 | 1.55 |
| Short-term investment | 4.00 | 0.25 |
| Total | 100.00 % | |

Discount rate

The discount rate used by KPERS to measure the total pension liability was 7.00 percent. The discount rate used to measure total pension liability at the prior measurement date of June 30, 2021 was 7.25 percent. The actuarial assumptions used in the calculation of the total pension liability were based on the results of the most recent actuarial experience study. It covered the three-year period of January 1, 2016 through December 31, 2018 and was dated January 7, 2020.

The projection of cash flows used to determine the discount rate was based on member and employer contributions as outlined below:

In KPERS, Local groups do not necessarily contribute the full actuarial determined rate. Based on legislation passed in 1993 and subsequent legislation, the employer contribution rates certified by the KPERS' Board of Trustees for this group may not increase by more than the statutory cap. The statutory cap for Fiscal Year 2022 was 1.2 percent. The Local employers are currently contributing the full actuarial contribution rate. Employers contribute the full actuarial determined rate for KP&F.

Sensitivity of the City's proportionate share of the collective net pension liability to changes in the discount rate

The following presents the City's proportionate share of the collective net pension liability calculated using the discount rate of 7.00 percent, as well as what the City's proportionate share of the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

| | <u>\$ 20,074,143</u> | <u>\$ 14,280,298</u> | <u>\$ 9,455,945</u> |

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Kansas Public Employees Retirement System financial report, which can be found here: <https://www.kpers.org/about/reports.html>

7 - Deferred Compensation Plan

The City offers employees a deferred compensation plan in accordance with Internal Revenue Code Section 457. The plan, available to all full-time and regular part-time employees, permits them to defer a portion of their salary until future years. The City of Gardner is the plan sponsor and has delegated fiduciary duties to MissionSquare, formerly known as International City/County Management Association (ICMA) Retirement Corporation, as our engaged provider. Accordingly, the plan assets and related liabilities to plan participants are not included in the basic financial statements. For 2022, the City's contributions were \$55,002.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS

(Continued)

8 - Other Postemployment Healthcare Benefits

Description. The City offers postemployment health and dental insurance to retired employees through HSA Bank-COBRA. HSA Bank-COBRA functions as an agent multiple-employer plan. Administrative costs of the plan are paid by the City. It was determined the Fund did not qualify as an “OPEB Plan” and thus cannot be treated as holding assets in order to offset OPEB liabilities. Though retiree benefits were not directly paid by the City, they were implicitly paid over time through employer subsidization of active premiums that would be lower if retirees were not part of the experience group. Kansas statutes provide that postemployment healthcare benefits be extended to retired employees who have met age and/or service eligibility requirements until the individuals become eligible for Medicare coverage at age 65. Retirees of the City (and their dependents) were able to elect to continue coverage in the medical and dental plans offered by the City by paying required premium rates. Upon retiree death or attainment of age 65, spouses may continue COBRA coverage for up to three years. The required premium rates are based on combined active and retiree experience so retirees may not be charged the full age-based projected cost. The Plan does not issue separate financial statements.

| | |
|--|------------|
| Active employees eligible for coverage | 143 |
| Inactive employees or beneficiaries currently receiving benefit payments | - |
| | <u>143</u> |

Funding Policy. Through HSA Bank-COBRA, the City provides health and dental insurance benefits to retirees and their dependents in accordance with Kansas law (K.S.A. 12-5040). Kansas statutes, which may be amended by the state legislature, establish that participating retirees may be required to contribute to the employee group health benefits plan, including administrative costs at an amount not to exceed 125% of the premium cost for other similarly situated employees. Retirees contributed 100% of the cost of premiums, which vary depending on the coverage selected.

The City appropriated funds annually for the costs associated with this retirement benefit and provided funding for the expenditures on a pay-as-you-go basis through the General Fund, Proprietary Funds, and Internal Service Funds. In 2022, the City contributed \$21,000 to the plan.

OPEB Liability

The City’s total OPEB liability of \$578,314 related to the City’s plan was measured as of December 31, 2021; the total OPEB liability was determined by an actuarial valuation as of July 1, 2020. The results of the July 1, 2020 valuation were projected to the beginning and end of year measurement dates using standard actuarial techniques.

Actuarial assumptions. The total OPEB liability in the July 1, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs:

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS

8 - Other Postemployment Healthcare Benefits (Continued)

OPEB Liability (Continued)

| | |
|--|---|
| Valuation Date | July 1, 2020 |
| Measurement Date | December 31, 2021 |
| Payroll Growth | 3.00% |
| Discount rate | 2.04% |
| Actuarial Cost Method | Entry Age Normal- Level Percent-of-Pay |
| Healthcare cost trend rates | 6.50% for 2021-22, decreasing by .50% per year through 2023-24 and then decreasing by .25% per year through 2025-26, then decreasing by .10% per year to an ultimate rate of 4.50% for 2030-31 and later years. |
| Retirees' share of benefit-related costs | Retirees contribute 100% of the active funding rate |

Discount rate. GASB 75 standards require a single discount rate to be determined. To the extent Plan (i.e. Trust) assets are projected to be sufficient to make projected benefit payments, the discount rate will equal the expected return on such assets. To the extent a Plan is not projected to be sufficient to make future benefit payments the yield or index for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher should be factored in. Plan assets do not apply to the City's program.

In order to determine the municipal bond rate, the average of the published yields from the S&P Municipal Bond 20 year High Grade and the Fidelity GO AA-20 Years indices were used. The selected average rates are 2.00% and 2.04% as of the beginning and end of year, respectively. These were used as the discount rates to determine present value costs.

| | <u>\$ (90,324)</u> | <u>\$ (36,794)</u> |

KPERS Death and Disability OPEB Plan

Plan Description. The City of Gardner participates in an agent multiple-employer defined benefit other postemployment benefit (OPEB) plan (the Plan) which is administered by the Kansas Public Employees Retirement System (KPERS). The Plan provides long-term disability benefits and a life insurance benefit for disabled KPERS members, as provided by K.S.A. 74-04927. The Plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. However because the trust’s assets are used to pay employee benefits other than OPEB, the trust does not meet the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Accordingly, the Plan is considered to be administered on a pay-as-you-go basis. There is no stand-alone financial report for the plan.

Benefits

Benefits are established by statute and may be amended by the KPERS Board of Trustees. The Plan provides long-term disability benefits equal to 60 percent (prior to January 1, 2006, 66 2/3 percent) of annual compensation, offset by other benefits. Members receiving long-term disability benefits also receive credit towards their KPERS retirement benefits and have their group life insurance coverage continued under the waiver of premium provision.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS

(Continued)

8 - KPERS Death and Disability OPEB Plan (Continued)

Benefits (Continued)

The monthly long-term disability benefit is 60 percent of the member's monthly compensation, with a minimum of \$100 and a maximum of \$5,000. The monthly benefit is subject to reduction by deductible sources of income, which include Social Security primary disability or retirement benefits, workers compensation benefits, other disability benefits from any other sources by reason of employment, and earnings from any form of employment. If the disability begins before age 60, benefits are payable while the disability continues until the member's 65th birthday or retirement date, whichever occurs first. If the disability begins at or after age 60, benefits are payable while the disability continues, for a period of five years or until the member retires, whichever occurs first.

Benefit payments for disabilities caused or contributed to by substance abuse or non-biologically-based mental illnesses are limited to the shorter of the term of the disability or 24 months per lifetime, whichever is less.

The death benefit paid to beneficiaries of disabled members is 150% of the greater of 1) the member's annual rate of compensation at the time of disability, or 2) the member's previous 12 months of compensation at the time of the last date on payroll. If the member has been disabled for five or more years, the annual compensation or salary rate at the time of death will be indexed using the consumer price index, less one percentage point, to compute the death benefit. If a member is diagnosed as terminally ill with a life expectancy of 12 months or less, the member may be eligible to receive up to 100% of the death benefit rather than having the benefit paid to the beneficiary. If a member retires or disability benefits end, the member may convert the group life insurance coverage to an individual insurance policy.

Covered Employees

The City of Gardner has the following employees covered by the Plan as of December 31, 2021:

| | |
|------------------|-------------|
| Active members | 108 |
| Disabled members | - |
| | <hr/> |
| | 108 |
| | <hr/> <hr/> |

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS

(Continued)

8 - KPERS Death and Disability OPEB Plan (Continued)

OPEB Liability

The City of Gardner’s total OPEB liability of \$119,736 related to KPERS reported as of December 31, 2022, was measured as of June 30, 2022 (the measurement date), and was determined by an actuarial valuation as of December 31, 2021, which was rolled forward to June 30, 2022, using the following actuarial assumptions:

| | |
|--|--|
| Valuation Date | December 31, 2021 |
| Measurement Date | June 30, 2022 |
| Inflation | 2.75% |
| Payroll Growth | 3.00% |
| Discount rate | 3.54% |
| Salary increases including inflation | 3.5% to 10.0%, including price inflation |
| Healthcare cost trend rates | Not applicable for the coverage in this plan |
| Retirees' share of benefit-related costs | Not applicable for the coverage in this plan |

The discount rate was based on the Bond Buyer General Obligation 20-Year Municipal Bond Index. Mortality rates were based on the RP-2014 Mortality Table, as appropriate, with adjustment for mortality improvements based on Scale MP-2021.

The actuarial assumptions used in the December 31, 2021 valuation were based on the results of an actuarial experience study conducted during 2016-2018. Other demographic assumptions are set to be consistent with the actuarial assumptions reflected in the December 31, 2021 pension valuation.

Changes in Total OPEB Liability

| Changes in Total OPEB Liability | |
|--|-------------------|
| Balance at December 31, 2021 | \$ 174,724 |
| Service cost | 33,528 |
| Interest cost | 4,498 |
| Effect of economic/demographic gains or losses | (45,280) |
| Effect of assumption changes or inputs | (47,734) |
| Benefit payments | - |
| Net change | <u>(54,988)</u> |
| Balance at December 31, 2022 | <u>\$ 119,736</u> |

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS

(Continued)

8 - KPERS Death and Disability OPEB Plan (Continued)

Changes in Total OPEB Liability (Continued)

Changes of assumptions. Changes of assumptions and other inputs reflect the changes in the discount rate each period. The discount rate increased from 2.16% to 3.54%.

Sensitivity Analysis. The following presents the City of Gardner’s total OPEB liability calculated using the discount rate of 3.54%, as well as what the City’s total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.54%) or 1-percentage point higher (4.54%) than the current rate:

| | 1% Decrease <u>(2.54%)</u> | Current Discount Rate <u>(3.54%)</u> | 1% Increase <u>(4.54%)</u> |
|----------------------|-------------------------------|--|-------------------------------|
| Total OPEB liability | \$124,816 | \$119,736 | \$ 114,302 |

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The healthcare trend rates do not affect the liabilities related to the long-term disability benefits sponsored by KPERS. Therefore, there is no sensitivity to a change in healthcare trend rates.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2022, the City of Gardner recognized OPEB expense of \$18,849. At December 31, 2022, the City of Gardner reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | <u>Governmental Activities</u> | | <u>Business-Type Activities</u> | |
|--|---|--|---|--|
| | <u>Deferred Outflows of Resources</u> | <u>Deferred Inflows of Resources</u> | <u>Deferred Outflows of Resources</u> | <u>Deferred Inflows of Resources</u> |
| Differences between expected and actual experience | \$ - | \$ 64,994 | \$ - | \$ 45,925 |
| Changes in assumptions | 5,853 | 27,155 | 4,283 | 18,236 |
| | <u>\$ 5,853</u> | <u>\$ 92,149</u> | <u>\$ 4,283</u> | <u>\$ 64,161</u> |

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Summary of OPEB Plans

As of December 31, 2022 the City's total OPEB liability, deferred outflows of resources, deferred inflows of resources and OPEB expense associated with the two OPEB plans are summarized as follows:

| | 2022 |
|--------------------------------|-------------|
| Total OPEB liability | \$ 698,050 |
| Deferred outflows of resources | 61,217 |
| Deferred inflows of resources | 313,509 |
| OPEB expense | 71,832 |

9 - Risk Services

The City is exposed to various risks of loss related to torts; that is, damage to and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, dental and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters other than those related to employee health benefits and workers' compensation. Settled claims have not exceeded this commercial coverage in any of the three preceding years. There have not been significant reductions in claims from prior years.

The City obtains workers' compensation insurance through its membership in the Kansas Eastern Region Insurance Trust (KERIT), whose members consist of local cities and counties. KERIT is a risk-sharing pool organized under the insurance laws of the State of Kansas which self-insures workers' compensation and other related expenses up to certain limits and reinsures additional excess amounts up to certain limits. The City pays annual premiums to KERIT based upon historical experience and legal requirements mandated by the State of Kansas. The trust agreement allows for member assessments in the event claims and expenses exceed KERIT's self-insured retention limit. The City does not anticipate any additional assessments in excess of premiums paid as a result of its participation in this trust.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

10 - Capital Projects

The City is currently improving its water, wastewater and electrical systems, working on street and stormwater projects and performing various new developments. These projects are being funded primarily by the issuance of bonds, both general obligation and special assessment.

Following is a summary of project-to-date costs to December 31, 2022 on the capital projects compared to the amount authorized:

| Primary Government Project Authorizations and Expenditures Since Inception | | |
|---|---------------|---------------------------------|
| Project Category | Authorization | Expenditures Since Inception |
| Primary Government | | |
| Governmental Improvements | \$ 16,020,270 | \$ 10,063,452 |
| Electric Improvements | 5,609,761 | 4,602,656 |
| Water Improvements | 25,458,427 | 25,426,758 |
| Wastewater Improvements | 25,840,263 | 4,968,089 |
| Airport Improvements | 2,127,410 | 898,276 |
| Stormwater Improvements | 443,580 | 443,580 |
| Total | \$ 75,499,711 | \$ 46,402,811 |

11 - Lease Liability

A. Governmental Activities - Lessee

The City has entered into lease agreements for vehicles, land, and infrastructure. The lease contracts expire at various dates through 2028. The right to use assets are intangible assets and are recorded in capital assets as vehicles, land and infrastructure as noted in Note 4. The beginning balances in Note 4 were restated for the governmental activities for the right to use asset amounts for vehicles in the amount of \$68,783, land in the amount of \$355,262 and infrastructure in the amount of \$934,709. See the details of the lease arrangements below:

| Governmental Activities | | | | | Amount outstanding |
|--------------------------|----------------------------|------------------------------------|------------|-------------------|-----------------------|
| Description/Purpose | Date of lease agreement | Amount of original agreement | Lease term | Interest rates | December 31, 2022 |
| 2019 Dump Truck | 12/27/2019 | \$ 135,000 | 48 months | 1.85% | \$ 34,549 |
| Golf Course Improvements | 6/1/2018 | 1,218,000 | 120 months | 4.69% | 809,001 |
| Justice Center Land | 12/29/2016 | 678,000 | 120 months | 2.40% | 286,208 |
| | | \$ 2,031,000 | | | \$ 1,129,758 |

B. Business-Type Activities – Lessee (Continued)

The following represents the future minimum lease payments for business-type activities required under the lease arrangements as of December 31:

| Business-Type Activities | | | |
|---------------------------------|------------|----------|------------|
| | Principal | Interest | Total |
| 2023 | \$ 74,720 | \$ 916 | \$ 75,636 |
| 2024 | 75,134 | 502 | 75,636 |
| 2025 | 50,320 | 104 | 50,424 |
| Total | \$ 200,174 | \$ 1,522 | \$ 201,696 |

C. Business-Type Activities – Lessor

The City has entered into two arrangements to lease pole attachments to others. The lease contracts expire at various dates through 2027. The City restated beginning balances in business-type activities for lease receivables and deferred inflows of resources for leases in the amount of \$51,801. During 2022, the City recognized \$16,638 in lease revenue which represents the total amount of inflows of resources recognized in the reporting period from leases.

The following represents the future minimum lease revenue due for business-type activities under the lease arrangements as of December 31:

| Business-Type Activities | | | |
|---------------------------------|-----------|----------|-----------|
| | Principal | Interest | Total |
| 2023 | \$ 17,040 | \$ 75 | \$ 17,115 |

| 2022A | 4,040,000 | 4,040,000 | 5.000% | 10 |
| Total | \$ 35,160,000 | \$ 25,930,000 | | |

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities and projects.

In August 2022, the City issued Series 2022A General Obligation Bonds in the amount of \$11,425,000. Of that, \$4,040,000 was issued to finance improvements to Waverly Road and US-56/Main Street. Another \$2,950,000 was related to improvements previously financed with the City's General Obligation Temporary Notes, Series 2020C and \$4,435,000 was issued for the financing of business-type activities (see note below).

The future annual requirements for general obligation bonds outstanding as of December 31, 2022 are as follows:

| Debt Service Requirements Governmental Activities for General Obligation Bonds | | | |
|---|---------------|--------------|---------------|
| | Principal | Interest | Total |
| 2023 | \$ 2,355,000 | \$ 949,650 | \$ 3,304,650 |
| 2024 | 2,475,000 | 831,922 | 3,306,922 |

| 2033-2037 | 4,290,000 | 437,357 | 4,727,357 |
| Total | \$ 25,930,000 | \$ 5,666,348 | \$ 31,596,348 |

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

12 - Debt (Continued)

3. Bond Anticipation Notes Payable

The City issues bond anticipation notes to provide temporary financing for capital improvement projects.

In August 2022, the City issued Series 2022B General Obligation Temporary Notes in the amount of \$1,385,000 for the purpose of renewing the Hilltop Ridge Benefit District portion of the City's General Obligation Temporary Notes, Series 2020C.

Bond anticipation notes payable as of December 31, 2022 were as follows:

| Outstanding Governmental Activities | | | | |
|--|-----------------------------|---------------------------------|-------------------|------------------------------|
| Bond Anticipation Notes Payable as of December 31, 2022 | | | | |
| | Original Issue Amount | Current Notes Outstanding | Interest Rates | Original Term in Years |
| 2022B Hilltop Special BD | \$ 1,385,000 | \$ 1,385,000 | 2.00% | 1 |

Annual debt service requirements to maturity for bond anticipation notes payable are as follows:

| Debt Service Requirements Governmental Activities for Bond Anticipation Notes Payable | | | |
|--|--------------|-----------|--------------|
| | Principal | Interest | Total |
| 2023 | \$ 1,385,000 | \$ 31,624 | \$ 1,416,624 |

4. Governmental Activities Special Assessment Bonds

The City's special assessment debt was issued to provide funds for the construction of infrastructure in new commercial and residential developments. These bonds will be repaid from amounts levied against the property owners benefited by this construction. In the event that a deficiency exists because of unpaid or delinquent special assessments at the time a debt service payment is due, the government must provide resources to cover the deficiency until other resources, for example, foreclosure proceeds, are received. Special assessment bonds at December 31, 2022 are comprised of the following issues:

2. Business-Type Activities General Obligation Bonds

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities and projects.

In August 2022, the City issued Series 2022A General Obligation Bonds in the amount of \$11,425,000. Of that, \$4,435,000 was to finance certain water and wastewater system improvements. The remaining \$6,990,000 was issued for the financing of governmental activities (see note above).

General obligation bonds payable at December 31, 2022 are comprised of the following issues:

| Outstanding Business-Type Activities General Obligation Bonds as of December 31, 2022 | | | | |
|--|-----------------------------|---------------------------------|-------------------|------------------------------|
| | Original Issue Amount | Current Bonds Outstanding | Interest Rates | Original Term in Years |
| 2013A | \$ 4,246,816 | \$ 70,000 | 2.00%-2.25% | 11 |
| 2014A | 945,000 | 490,000 | 2.00%-3.125% | 15 |

| Less amounts representing interest | (4,216,260) |
| Present value of minimum payments | \$ 9,340,883 |

13 - Special Assessments

Kansas statutes require special benefit district projects financed in part by special assessments to be financed through the issuance of general obligation bonds that are secured by the full faith and credit of the City. Further, state statutes permit levying additional general ad valorem taxes in the City's Debt Service Fund to finance delinquent special assessments receivable. Accordingly, the special assessments receivable is accounted for within the City's debt service fund. Special assessments are levied over the repayment period of the bonds and the annual installments are due and payable with annual ad valorem taxes. At December 31, 2022, the special assessment taxes levied are a lien on the property and are recorded as a special assessment receivable in the debt service fund with a corresponding amount recorded as deferred inflows of resources. Special assessments receivable at December 31, 2022 was \$14,162,365.

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

14 - Interfund Transactions

Interfund transfers for the year ended December 31, 2022 consisted of the following:

| Interfund Transfers: | | |
|------------------------------|---------------------|---------------------|
| | Transfers In | Transfers Out |
| Major funds: | | |
| General Fund | \$ 886,382 | \$ 1,230,900 |
| Debt Service Fund | 1,504,924 | - |
| Capital Projects Fund | 1,231,000 | 864,324 |
| Special Highway Fund | - | 615,800 |
| Electric Fund | - | 920,227 |
| Water Fund | 46,627 | 574,100 |
| Wastewater Fund | 500,000 | 97,200 |
| Non-Major Governmental Funds | 389,400 | 243,782 |
| Internal Service Funds | - | 12,000 |
| Total Transfers In | \$ 4,558,333 | \$ 4,558,333 |

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

15 - Commitments and Contingencies

Litigation

The City is involved in various lawsuits incurred through normal operations. It is the opinion of the City's management that the outcome of this litigation will not result in a material loss to the City in excess of applicable insurance coverage.

Industrial Revenue Bonds

The City has issued industrial revenue bonds to provide financial assistance to private businesses for economic development purposes. The lease agreements provide for rentals sufficient to service the related bonds. The debt service on these issues is paid solely from payments from the private businesses involved. Neither the City nor any political subdivision thereof is obligated in any manner for the repayment of the bonds. Accordingly, the bonds are not reported as liabilities

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

15 - Commitments and Contingencies (Continued)

Industrial Revenue Bonds (Continued)

in the accompanying basic financial statements. As of December 31, 2022, there were three industrial revenue bonds outstanding for a total of \$49,536,475.

| <u>Project</u> | <u>Issue Date</u> | <u>Amount Authorized</u> | <u>Amount Outstanding</u> | <u>Interest</u> | | <u>Maturity Date</u> |

| | | <u>\$ 100,000,000</u> | <u>\$ 49,536,475</u> | | | |

Encumbrances

The City uses encumbrances to control expenditure commitments for the year and to enhance cash management. Encumbrances represent commitments related to executory contracts not yet performed and purchase orders not yet filled. Commitments for such expenditure of monies are encumbered to reserve a portion of applicable appropriations. Encumbrances still open at year-end are not accounted for as expenditures and liabilities, but, rather, as restricted, committed, or assigned fund balance. At December 31, 2022, the City's recorded encumbrances in governmental funds were as follows:

| | |
|----------------------------------|---------------------|
| General | \$ 163,278 |
| Capital Projects | 477,869 |
| Infrastructure Special Sales Tax | 46,487 |
| Special Highway | 177,342 |
| Non-major funds | 444,328 |
| | <u>\$ 1,309,304</u> |

16 - Tax Abatements

The City enters into property tax abatement agreements with local businesses pursuant to the provisions of Section 13 of Article 11 of the Kansas Constitution and K.S.A. 12-1740 et seq and 79-201a. Under this section of the Kansas Constitution, the governing body of any city may by resolution or ordinance, as the case requires, exempt from all ad valorem taxation all or any portion of the appraised valuation of buildings, land and tangible personal property, for economic development purposes. Such exemption shall be in effect not more than 10 years.

Resolution No. 1737 was passed by the City on November 19, 2007 and took effect January 1, 2008. The resolution established a policy relating to property tax abatements for new and existing businesses. The resolution recognized that it was essential to stimulate the economic growth and

CITY OF GARDNER, KANSAS

NOTES TO BASIC FINANCIAL STATEMENTS
(Continued)

16 - Tax Abatements (Continued)

development of existing and new industry and businesses for the benefit of Gardner. Resolution No. 2052 took effect April 2020 and is the current guiding resolution for all abatements.

For the fiscal year ended December 31, 2022, the City abated property taxes totaling \$1,395,016 (for all taxing jurisdictions) under this program. The City received PILOT (Payments in Lieu of Taxes) payments on these properties totaling \$85,394 in 2022. The active tax abatement projects are described below:

- A 100-percent property tax abatement to a commercial warehouse, manufacturing facility and call center for ten years beginning in 2019. The abatement was granted by the Kansas Board of Tax Appeals pursuant to K.S.A. 79-201a *Second* (Industrial Revenue Bond-Funded Property). In connection with the issuance of the industrial revenue bonds, the City and the Tenant also entered into a Payment in Lieu of Tax Agreement that provided for a payment in lieu of taxes (PILOT) starting in year 6 equal to 20% of the value of the abated tax amount and increasing each succeeding year by 20% through 2028 when the abatement ends. The PILOT payments will be distributed as and/or as a part of the general ad valorem tax collections for all taxing subdivisions in which the Facility is located.
- A 100-percent property tax abatement to a five-story, 84-room hotel, and 200-seat conference center for ten years beginning in 2019. The abatement was granted by the Kansas Board of Tax Appeals pursuant to K.S.A. 79-201a *Second* (Industrial Revenue Bond-Funded Property). In connection with the issuance of the industrial revenue bonds, the City and the Tenant also entered into a Payment in Lieu of Tax Agreement that provided for a fixed annual PILOT. The PILOT payments will approximate 20% of the abated taxes in 2019 and 2020, 30% in 2021 and 2022, and then 40% for the remaining 6 years of the abatement. The PILOT payments will be distributed as and/or as a part of the general ad valorem tax collections for all taxing subdivisions in which the Facility is located.

Changes in benefit terms for KPERS. In the state fiscal year 2014, the KP&F group had a change in benefit terms. The Legislature increased this group's employee contributions to 7.15 percent and eliminated the reduction of employee contributions to 2.0 percent after 32 years of service. In addition, the maximum retirement benefit increased to 90 percent of final average salary (reached at 36 years of service). Before this change the maximum retirement benefit was limited to 80 percent of final average salary (reached at 32 years of service).

Effective January 1, 2014, KPERS 1 member's employee contribution rate increased to 5.0 percent and then on January 1, 2015, increased to 6.0 percent, with an increase in benefit multiplier to 1.85 percent for future years of service. For KPERS 2 members retired after July 1, 2012, the cost of living adjustment (COLA) is eliminated, but members will receive a 1.85 percent multiplier for all years of service.

On January 1, 2015, the KPERS 3 cash balance plan became effective. Members enrolled in this plan are ones first employed in a KPERS covered position on or after January 1, 2015, or KPERS 1 or KPERS 2 members who left employment before vesting and returned to employment on or after January 1, 2015. The retirement benefit is an annuity based on the account balance at retirement.

For the state fiscal year 2017, the KP&F group had a change in benefit terms. The Legislature changed the duty-related death benefit for KP&F members to the greater of 50% of final average salary and member's accrued retirement benefit under the 100% joint and survivor option, payable to the member's spouse. Including any benefits that may be due to child beneficiaries, the total monthly benefits may not exceed 90% of the member's final average salary. Prior to this bill, the duty-related spousal death benefit for KP&F members was 50% of the final average salary, and the maximum available to the family was 75% of the member's final average salary.

For the state fiscal year 2017, the Legislature changed the working after retirement rules for members who retire on or after January 1, 2018. The key changes to the working after retirement rules were to lengthen the waiting period for KPERS members to return to work from 60 days to 180 days for members who retire before attaining age 62, remove the earnings limitation for all retirees and establish a single-employer contribution schedule for all retirees.

Changes from the November 2016 experience study that impacted individual groups are listed below:

KPERS:

- The post-retirement healthy mortality assumption was changed to the RP-2014 Mortality Table, with adjustments to better fit the observed experience for the various KPERS groups. The most recent mortality improvement scale, MP-2016, is used to anticipate future mortality improvements in the valuation process through the next experience study.
- The active member mortality assumption was modified to also be based on the RP-2014 Employee Mortality Table with adjustments.
- The retirement rates for the select period (when first eligible for unreduced benefits under Rule of 85) were increased, but all other retirement rates were decreased.
- Disability rates were decreased for all three groups.
- The termination of employment assumption was increased for all three groups.
- The interest crediting rate assumption for KPERS 3 members was lowered from 6.50% to 6.25%.

KP&F:

- The post-retirement health mortality assumption was changed to the RP-2014 Mortality Table with 1-year age set forward and the MP-2016, is used to anticipate future mortality improvements.
- The mortality assumption for disabled members was changed to the RP-2014 Disabled Lives Table (generational using MP-2016) with a 1-year age set forward.
- The active member mortality assumption was modified to the RP-2014 Employee Mortality Table with a 1-year age set forward with a 90% scaling factor.
- The retirement rates for Tier 1 were lowered and the ultimate assumed retirement age was changed from 63 to 65 for Tier 2.
- The termination of employment rates for Tier 2 were increased to better match the observed experience.

As a result of the experience study completed in January 2020, there were several changes made to the actuarial assumptions and methods since the prior valuation. The changes that impact all groups were effective December 31, 2019 and include:

- The investment return assumption was lowered from 7.75% to 7.50%.
- The general wage growth assumption was lowered from 3.50% to 3.25%.
- The payroll growth assumption was lowered from 3.00% to 2.75%.

Changes from the January 2020 experience study that impacted individual groups are listed below:

KPERS:

- Retirement rates were adjusted to partially reflect observed experience.
- Termination rates were increased for most KPERS groups.
- Disability rates were reduced.
- Factors for the State group that are used to anticipate higher liabilities due to higher final average salary at retirement for pre-1993 hires were modified to better reflect actual experience.
- The administrative expense load for contributions rates was increased from 0.16% to 0.18%.

KP&F:

- Retirement rates were adjusted to partially reflect observed experience.
- Factors for the KP&F group that are used to anticipate higher liabilities due to higher final average salary at retirement for pre-1993 hires were modified to better reflect actual experience.
- The administrative expense load for contributions rates was increased from 0.16% to 0.18%.

Assumption changes effective December 31, 2020 were as follows:

- The investment return assumption was lowered from 7.50% to 7.25%.
- The general wage growth assumption was increased from 3.25% to 3.50%.

Assumption changes effective December 31, 2021 were as follows:

- The investment return assumption was lowered from 7.25% to 7.00%.

^(b)No assets are accumulated in a trust to pay related benefits for this plan.

Changes in assumptions and other inputs reflect the effects of changes in the discount rate each period:

- The discount rate increased from 2.85% on June 30, 2016 to 3.58% on June 30, 2017.
- The discount rate increased from 3.58% on June 30, 2017 to 3.87% on June 30, 2018.
- The discount rate decreased from 3.87% on June 30, 2018 to 3.50% on June 30, 2019.
- The discount rate decreased from 3.50% on June 30, 2019 to 2.21% on June 30, 2020.
- The discount rate decreased from 2.21% on June 30, 2020 to 2.16% on June 30, 2021.
- The discount rate increased from 2.16% on June 30, 2021 to 3.54% on June 30, 2022.

OTHER SUPPLEMENTARY INFORMATION

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Economic Development Reserve Fund – This fund is used to account for transient guest tax revenues that are restricted for the purpose of convention and tourism promotion.

Law Enforcement Trust Fund – This fund is used to account for monies forfeited to the City of Gardner Police Department relating to controlled substance investigations. Expenditures from this fund shall be made only for authorized law enforcement purposes of the Gardner Police Department.

Main Street Marketplace TIF Fund – This fund is used to account for the captured incremental real property taxes from the properties within the Main Street Marketplace Redevelopment District. The captured increments are to be used to reimburse the developer for TIF eligible expenses.

Main Street Marketplace CID Fund – This fund is used to account for the captured CID sales tax from the properties within the Main Street Marketplace Community Improvement District. The captured CID sales tax is to be used to reimburse the developer for CID eligible expenses.

Plaza South CID – This fund is used to account for the receipt of a CID sales tax of 1% collected within the Plaza South Community Improvement District. The captured CID sales tax is to be used to reimburse administrative fees and the developer for CID eligible expenses.

American Recovery Plan Act (ARPA) Fund – This fund is used to account for the receipt of coronavirus grant funds that may be used for responding to a public health emergency, employee premium pay, providing government services to the extent of reduction in revenue, and to make necessary investments in water, sewer, or broadband infrastructure.

Special Alcohol/Drug Program Fund – This fund is used to account for special alcohol liquor tax revenues that are restricted for the purpose of funding programs for the education, treatment, and intervention of alcohol and drug abuse.

Mayor's Christmas Tree Fund – This fund is used to account for donations received that are restricted for the purpose of supporting local charities.

Special Parks and Recreation Fund – This fund is used to account for special alcohol liquor tax revenues that are restricted to expenditures for the purchase, establishment, maintenance, or expansion of park and recreational services, programs, and facilities.

Capital Projects Fund

Park Improvement Fund – This fund is used to account for the receipt of park impact fees which are restricted for park and playground purposes.

Street Improvement Fund – This fund is used to account for receipt of the City's excise fee on platted land. The expenditures in this fund are specifically restricted for the purpose of improvement of existing streets and the construction of new streets necessitated by the City's new development growth.

Vehicle and Equipment Replacement Fund – This fund is used to account for resources assigned to the City's vehicle and equipment replacement program for all departments except for the Police Department and the Electric Utility.

Nonmajor Proprietary Funds

Enterprise Funds

Airport – The Airport Fund accounts for all revenues and expenses of the Airport Operations, as directed by the City of Gardner. Revenues are derived from the hangar and building space rental, the sale of fuel and land rental to bale hay on airport property. Expenses are for the construction, renovation and operation of the airport.

Stormwater - The Stormwater Fund accounts for all revenues and expenses of the Stormwater Utility. The principal operating revenues of the stormwater fund are charges to customers for sales and services and grants. Expenses are for the maintenance, construction and renovation of Stormwater projects.

Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one department to other departments of the City on a cost reimbursement basis.

Risk Services Fund – This fund is used to account for the accumulation and allocation of costs associated with the City's risk-financing activities.

Information Technology Services Fund – This fund is used to account for the accumulation and allocation of costs associated with electronic data processing.

Building Services Fund – This fund is used to account for the accumulation and allocation of costs associated with maintenance and miscellaneous repairs on city-owned property.

Utility Billing Services Fund – This fund is used to account for the accumulation and allocation of costs associated with calculating and billing amounts owed for services provided by the City's utilities and municipal airport.

ANNUAL COMPREHENSIVE FINANCIAL REPORT

For the fiscal year ended

December 31, 2022

STATISTICAL SECTION

Statistical Section

This part of the City of Gardner’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City’s overall financial health.

| <u>Contents</u> | <u>Page</u> |
|---|--------------------|
| Financial Trends These schedules contain trend information to help the reader understand how the City’s financial performance and well-being have changed over time. | 123 - 126 |
| Revenue Capacity These schedules contain information to help the reader assess the factors affecting the City’s ability to generate its most significant local revenue source, which is the electric, water and wastewater revenues, as well as its property taxes. | 127 - 135 |
| Debt Capacity These schedules present information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional debt in the future. | 136 - 139 |
| Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City’s financial activities take place and to help make comparisons over time with other governments. | 140 - 142 |
| Operating Information These schedules contain information about the City’s operations and resources to help the reader understand how the City’s financial information relates to the services the City provides and the activities it performs. | 143- 145 |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Note: Property in Johnson County is reassessed every year. The county assesses property at approximately 25 percent of actual value for commercial, 30 percent for agricultural, 12 percent for not-for-profit, and 11.5 percent for residential. Estimated actual taxable value is calculated by dividing taxable assessed value by those percentages. Tax rates are per \$1,000 of assessed value.

^(a) The significant change in the mill levy is due to a \$1.4 million reduction in property tax revenue for the termination of the fire services contract, which is equivalent to a reduction of approximately 9 mills.

City of Gardner, Kansas
Direct and Overlapping Governmental Activities Debt
As of December 31, 2022

| Governmental Unit | Debt Outstanding | Estimated Percentage Applicable ^(a) | Estimated Share of Direct and Overlapping Debt |
|--|-----------------------------|---|---|
| GO Debt repaid with property taxes | | | |
| Unified School District No. 231 | \$ 105,365,000 | 63.48% | \$ 66,888,112 |
| Johnson County | 16,711,626 | 2.08% | 347,610 |
| Johnson County Community College | 43,865,000 | 2.08% | 912,413 |
| Johnson County Park and Recreation | 41,090,000 | 2.08% | 854,692 |
| Johnson County Fire District #1 | 9,095,000 | 64.22% | 5,841,144 |
| Other | | | |
| Johnson County: Public Building Commission | 250,410,000 | 2.08% | <u>5,208,648</u> |
| Subtotal, overlapping debt | | | 80,052,619 |
| City Direct Debt | | | <u>42,115,425</u> |
| Total direct and overlapping debt | | | <u>\$ 122,168,044</u> |

Notes: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City.

^(a) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the governmental unit's taxable assessed value that is within the City's boundaries and dividing it by each unit's total taxable assessed value.

ANNUAL COMPREHENSIVE FINANCIAL REPORT

For the fiscal year ended

December 31, 2022

ANNUAL OPERATING DATA SECTION

ANNUAL FINANCIAL AND OPERATING DATA FILING

FOR

GARDNER, KANSAS

CITY PROPERTY VALUES

The determination of assessed valuation and the collection of property taxes for all political subdivisions in the State of Kansas is conducted by Kansas counties. The Johnson County Appraiser’s office determines annually the assessed valuation that is used as a basis for the mill levy on property located in the City. The County Appraiser’s determination is based on criteria established by Kansas statutes.

The market valuation of every property must be updated every year, with physical inspection required once every six years. Valuations as of January 1 are made available in September of each year for taxes payable during the next calendar year. The State Constitution provides that, for ad valorem taxation purposes, real and personal property are divided into classes and assessed at percentages of market value.

2022 Market Value of Taxable Property: \$2,849,825,544*

* *Market value is calculated by dividing the City’s 2022 appraised value of \$2,145,918,635 by the 2021 final median sales ratio of 75.3% for Johnson County as determined by the State Department of Revenue. (The 2021 sales ratio is the most current ratio available.)*

2022 Taxable Assessed Value: \$280,332,852

2022 Equalized Assessed Tangible Valuation: \$310,751,916

| | | Percent of Total |
|---------------------------------------|---------------|-----------------------------|
| Real Estate | \$273,699,473 | 97.6% |
| Personal Property | 1,486,496 | 0.5 |
| State Assessed Utilities | 5,146,883 | 1.9 |
| Taxable Assessed Value | \$280,332,852 | 100.0% |
| Motor and Recreational Vehicles | 30,419,064 | |
| Equalized Assessed Tangible Valuation | \$310,751,916 | |

Trend of Values

State Revolving Loans

During 2006, the City entered into a loan agreement with the Kansas Department of Health and Environment's Kansas Water Pollution Control Revolving Fund. The agreement enabled the City to borrow \$3,483,009 to finance improvements to the wastewater system. The loan will be repaid over twenty years at an interest rate of 2.40%. The total outstanding balance at 12/31/22 is \$864,467.

During 2012, the City entered into a loan agreement with the Kansas Department of Health and Environment's Kansas Water Pollution Control Revolving Fund. The agreement enabled the City to borrow \$10,167,808 to finance improvements to the wastewater system. The loan will be repaid over twenty years at an interest rate of 2.05%. The total outstanding balance at 12/31/22 is \$6,400,027.

CITY TAX RATES, LEVIES AND COLLECTIONS

Property taxes are certified by the City to the County Clerk by August 25 of each year for the following fiscal year, unless the City has notified the County Clerk of their intent to levy above the revenue neutral rate (RNR). If the City intends to exceed the RNR, the deadline to certify property taxes is October 1. Taxes are levied by the County Clerk and payable to the County Treasurer. Property taxes may be paid in two installments, the first due December 20 in the year the taxes are levied and the second due May 10 of the following year. Taxes become delinquent after May 10 and interest accrues at a rate set by state statute until paid or until the property is sold for taxes. Special assessments are levied and collected in the same manner as property taxes.

Tax Levies and Collections

The City may levy taxes in accordance with the requirements of its adopted budget and within the restrictions of Kansas statute. The County Clerk determines property tax levies based on the assessed valuation provided by the County Appraiser and spreads the levies on the tax rolls.

Special Assessment Collections

Special assessments are spread on benefited real estate with the property tax levy in August of each year. Interest on special assessments is computed relative to the rate of the obligations which financed the public improvements. The following table presents special assessments levied and collected.

SPECIAL ASSESSMENT LEVIES AND COLLECTIONS
For years ended December 31, 2013 through December 31, 2022

| Year Ended December 31 ⁽¹⁾ | Assessments Certified to County | Current Year Collections | | Collections in Subsequent Years | Total Assessment Collections | |

Sales Tax Collections

The current total sales tax rate of the City is 9.475%, of which the City's portion is 1.50%, the County's portion is 1.475%, and the State's portion is 6.5%.

The following table sets forth the City's portion of sales tax collections within the City in the years indicated:

| <u>Year</u> | <u>Amount Received</u> |
|-------------|----------------------------|
| 2022 | 4,884,620 |
| 2021 | 4,389,698 |
| 2020 | 4,065,662 |
| 2019 | 3,689,312 |
| 2018 | 3,594,603 |
| 2017 | 3,510,641 |
| 2016 | 3,323,159 |

Note: The figures above do not include collections from community improvement district sales taxes. At the request of developers and all of the property owners within each proposed community improvement district, the City has established three community improvement districts (CIDs). The CIDs typically impose a 1.0% CID sales tax within each district, which amount is in excess of the City's 9.475% sales tax rate. The CID sales tax collections are typically made available to developers to reimburse certain eligible costs of development and are not generally available to support governmental functions of the City.
