REVIEW CRITERIA

The review of a preliminary development plan is based on the regulations of the Land Development Code, Title 17 of the Gardner Municipal Code at www.gardnerkansas.gov/documents/city-code.

The preliminary development plan shall be reviewed according to the following criteria:

1. The plan represents an improvement over what could have been accomplished through strict application of otherwise applicable base zoning district standards, based on the goals of the Comprehensive Plan, and based upon generally accepted planning and design practice.
2. The benefits from any flexibility in the standards proposed in the plan promote the general public health, safety and welfare of the community, and in particular of the areas immediately near or within the proposed project, and are not strictly to benefit the applicant.
3. The benefits from any flexibility in the standards proposed in the plan allow the project to better meet or exceed the intent statements of the base zoning district(s) and the standards proposed to be modified when applied to the specific project or site.
4. The plan reflects generally accepted and sound planning and urban design principles with respect to applying the Comprehensive Plan and any specific plans to the area;
5. The plan meets all of the review criteria for a zoning map amendment.
